THE HONOURABLE CHARLES STEWART,
Minister of the Interior,
Ottawa.

MEMORANDUM:

Re Sale for Taxes of Soldier's Land.

Re: J. H. L. James, #437 L.
L.D., of 16-56-7-W.5th M. - Red.

The above named settler secured advances from the Board totalling $2100., the Board having a charge upon his pre-empted home-stead above described. Owing to such charge, patent to the homestead cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We have in receipt of an application from Mr. James asking that patent to the said homestead may be issued in favour of the Board. Mr. James states that he has completed all duties in connection with his homestead and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Secretary of the Department to the settler, dated June 16th, 1924, copy of which is attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special regulations were promulgated by the Board and approved by the Governor in Council on the 4th day of June, 1921, (P.C.-1121), which enables the Minister, on completion of title by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him, in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these regulations, the Board hereby requests that the right, title and interest of His Majesty in the N.E., of 16-16-7-W.5th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

CHAIRMAN.

Memorandum.

Re N.W.¼ 26-54-4 W.4th M.
Soldier Grant - Frank McKenzie.
Entry granted 24th July, 1919.

Cancelled homestead - Herbert J. Maddex.

I submit for your consideration a letter from Messrs. Weaver & Baker, barristers of Edmonton, on behalf of Mr. Frank McKenzie.

In connection with this matter I would refer you to the memorandum of the 17th May last, signed, when you approved my recommendation that in view of the evidence furnished by the Homestead Inspector, the department was warranted in restoring the entry of Mr. Maddex and, with regard to Mr. McKenzie, that he be granted the privilege of transferring his entry to another quarter-section if he desired.

The persons concerned were officially advised in accordance with this decision on the 17th June last, and while the entry of Mr. Maddex has been restored in the records of the Department, it does not appear that the soldier's grant of Mr. McKenzie has yet been cancelled.

Mr. McKenzie has placed his interests in the hands of Messrs. Weaver & Baker, who in their letter above referred to, write in part as follows:-

"Our client has a certificate of entry "for soldier grant and a receipt for $145.00 "being payment of improvements. We think "under the regulations he is entitled to this "land and that the Department would not have "power to do as is suggested in yours of the "17th June, namely, restore Maddex entry for "the land."

"We have advised McKenzie that he is "entitled to possession and acting on that "advice he is going into possession at once. "Under these circumstances it will not be "necessary for you to arrange for repayment "of the sum of $145.00 referred to in your "letter."

Sir,

re N.W.T. 38-54-4 4.4th W.

I beg to inform you that in support of his application for Soldier Grant entry for the quarter-section above mentioned, Mr. Frank Mackenzie of Greenlawn, Alberta, surrendered Certificate of Qualification No. 19330. It has since transpired that the settlement duties of the former entrant, Mr. Reuben J. Maddex, were not in default when cancellation of his entry took place and, under these circumstances, the Soldier Grant entry of Mr. Mackenzie has been cancelled and Mr. Maddex re-instated.

Enclosure.

Under the circumstances, I beg to enclose Certificate of Qualification No. 19330 herewith, and would ask you to take into consideration the eligibility of Mr. Mackenzie for a Certificate of Attestation, which document he will require now before he will be entitled to another Soldier Grant.

A copy of this letter is being forwarded to the District Superintendent of the Board at Edmonton, for his information.

Sir,

re S. E. ¼ 1-4-4 W.4th M.

I beg to inform you that the Department
is in receipt of a communication from Messrs. Beaver &
Starr, Barristers, of Edmonton, on your behalf in reference
to the cancellation of your Soldier Grant entry for the
quarter-section above mentioned, and in this connection
I beg to advise you that the homestead entry of
Reuben J. Maddox has been returned by reason of the fact
that he has successfully fulfilled the conditions requisite
for obtaining patent and his entry should not, therefore,
have been cancelled.

Under the circumstances, you will be
good enough to understand that your application no claim
under the Department will recommend by being into reference
and making any improvements. Moreover, the amount paid
for improvements, namely $100.00, will be refunded to you
as speedily as possible.

In the meantime, I may say that Certifi-
cate of Qualification No. 12000 has been transmitted to the
Soldier Settlement Board, Ottawa, from which you will no
doubt hear in due course with reference to your eligibility
for a Certificate of Attestation under and by virtue of

File #4-45c.

Canada. OTTAWA, 7th February, 1948.

Re: Title under Order in Council of the 8th June, 1941, where duties completed by settler.

Re. Percy Winfield Powell,
S.W.¼ 17-81-1-W.6th M. (H.S.)

The above-described land is the unalienated homestead entry of the settler.

The settler was obtained advances from the Board totalling $2,[illegible], as follows: stock and equipment, $[illegible]; permanent improvements, $[illegible]. As security the Board holds a charge on the settler's homestead, and in addition holds title to the settler's parental soldier grant, the N.W.¼ 6-81-1-W.6th M. The land is not of sufficient security in this case.

The Board is informed that the settler has completed the duties in connection with his homestead and would be entitled to receive patent but for the Board's charge. This is confirmed by the letter from the Secretary of the Department of the Interior to the Board dated the 14th April, 1947.

The regulations approved by the Governor in Council on the 8th June, 1941, P.C. 1941, enable the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unalienated Dominion land held by him in the Board, title remaining in the Board until the settler's loan has been repaid. The transfer of title does not oblige the settler to negotiate a sale of the land with a view to repaying the loan he has obtained from the Board.

The settler has requested that title to the land be issued to the Board. There is nothing on file to show that he contemplates discontinuing his farming enterprise. However, the settler desires to have title issued as a result in order that it may be held by the Board as security for the advances granted, and in order to be in a position to negotiate a sale should he decide to do so at a future date.

Under the provisions of the regulations referred to, the Board hereby requests that the right, title and interest of His Majesty in the S.W.¼ 17-81-1-W.6th M. be vested in the Soldier Settlement Board.

A Vesting Order for the Minister's signature is attached hereto.

The Honourable Charles Stewart,
Minister of the Interior,
OTTAWA.

Chairman.

he had paid on that account ($66.00). It was stipulated that this offer would stand good for fifteen days only and if not accepted within that time the matter would be allowed to take its course.

Messrs. Grienbach, O'Connor & Co., Barristers of Edmonton, who are acting for Mr. Thorne in the matter of his suit against the Railway Company, ask for an extension of time for acceptance of the offer owing to the fact that their client lived way out in the country and could not be reached.

Eventually Mr. Thorne, through his solicitors, made a counter proposal, namely, that he would accept patent for the North half of the East quarter of section 5, which he held under grazing lease, in lieu of the portion of the South East quarter of section 5 withheld from his entry. Being mindful of the generous offer of granting him as an addition to his homestead an area more than double that he had settled, it was decided that the counter proposal could not be entertained. Messrs. Grienbach, O'Connor & Co., were advised accordingly. Thereupon Mr. Thorne accepted the original offer made by the Department and he was informed on the 7th October, 1911, through his solicitors, that the matter would receive further consideration if he would forward his interim receipt to the Land Agent for correction and furnish an abstract of title showing that the patent, which was said to have been registered against the East half quarter of section 5, was necessary to bring action to restrain the Railway Company from removal of gravel, had been issued. Mr. Thorne has not complied with the instructions and more than six months have elapsed since the receipt of the reply to the Deputy Minister of the Interior. No other communication was received with a full explanation in regard to the case up to the 15th June, 1912, but nothing has since transpired.

With regard to the furnishing of the interim receipt, this is a minor formality which might be waived, but it would appear that the Department must properly insist upon Mr. Thorne's compliance in the matter of furnishing an abstract of title to clear up any question regarding standing of title to that portion of the South East quarter of section 5 held under lease by the C.N.R. & C.P.R. Railway Company for quarrying purposes. In any case, the land goes to the Board under the Vesting Order signed by the Minister, in connection with which plans have already been prepared.

When the addition of the fractional south east quarter of section 5 has been made to the homestead, it is assumed that the amount paid on account of the purchase price, namely, $66.00, should be returned to the Board to apply on Mr. Thorne's find bill, less amounting, I understand, to somewhere in the neighbourhood of $500.00.

In connection with this case please see my report of the 11th April last which was prepared in accordance with instructions contained in Mr. Matheson's memorandum of the 5th idem for the information of the Deputy Minister.

You will recall that John .. Horne had filed on the entries of the parties to entitle him to patent for the homestead and soldier grant and that a dispute later has been raised by the Minister in accordance with the provisions of the Order in Council of the 4th June, 1914, P.C. 1811, and that letters patent (at the request of the parties) may be issued in favour of the soldier without delay.

In connection with this connection would say that the twelve months or more are but for the question of the intervening fractional south east quarter of section 3 which did not arise, in Mr. Horne's homestead entry for the fractional south east quarter of section .. exception was made of that portion of the water-section patented in favour of the Dominion, Dunvegan and Pacific Railway for right-of-way, and the area covered by Survey lease No. 617, as shown on the sketch on file herewith, marked.

The delay in concluding this matter has been caused by the failure of Mr. Horne to return the Interim receipt for completion and to furnish an Abstract of Title establishing to the satisfaction of the Department that the Caveat to be entered to be registered against the interest of the ..P. & P.R. Railway Company in the .. 3-78-24- .5th M., had been withdrawn.

Mr. Matheson gave instructions in his memorandum of the 11th April last to wire the local agent for the required Abstract of Title and on receipt thereof to submit for further consideration.

.....2.....

The Agent of Dominion Lands at Peace River now reports that at his request the local Agent at Edmonton has made a search of title in the Land Titles Office at Edmonton and that a report has been received that there is no registration in the Land Titles Office against the [illegible] Soldier.

From the foregoing it is assumed that the caveat has been withdrawn, which removes the principal obstacle to the issue of letters patent. The filing of the Interim Receipt is a nominal requirement and of no particular importance and might be waived in this case.

Under the circumstances, it is suggested that the sale of the fractional South East quarter of Section 2, authorized in favour of John A. Thorne, at the price of $4.00 per acre, subject to his earning patent for his homestead, be now cancelled and that the said land be added to his homestead as aforesaid, whereupon issue of patent for the homestead and soldier grant might be proceeded with in favour of the Soldier Settlement Board under the provisions of the Order in Council referred to, it being assumed that this will be treated as a special case in view of the fact that the Vesting Order was signed by the Minister twelve months ago.

Provided action is taken accordingly, there is the question of the refund of the sum of $66.40 paid by Mr. Thorne on account of the time sale. This money might be refunded to Mr. Thorne or on his order to the Soldier Settlement Board to apply on his loan account, less the costs incurred in securing the abstract of title.

Gentlemen,

I beg to remind you that application was made by [illegible] to the department for leases for coal mining purposes of the following parcels of land in Section 3, Township 79, Range 24, and in Section 34, Township 77, Range 24, West of the 6th Meridian.

It would appear from the correspondence that matters have settled upon this lease question, and that [illegible] made application to the department for permission to surrender these lands for travel purposes, and have files no longer from one of these matters in respect of the lands affected. It is assumed, if you should subsequently obtain permission to surrender the lands for the above mentioned, that he would no longer desire to obtain leases under the provisions of the carrying regulations, and it is thought that it might be advisable in the meantime to suspend action in respect of these leases, pending a decision in respect of surrender. Would you be good enough to state whether this is acceptable to you.

ORDINANCE:

Mr. R.C.Coté

Referring to your memorandum of the 3rd October 1916 enclosing a plan of Townsnip 78, Range 24, west 6th Meridian (1st edition) in order that instructions might be given as to the disposition of the available lands therein, I may say that it is observed that there are a number of squatters' claims in this township which have been considered and which may be dealt with as follows

S.E. ¼	2	Ivan Lipes
N.W. ¼	2	[illegible] Lares
S.W. ¼	2	L.[illegible] otter
S.E. ¼	3	W.[illegible] eterson
S.W. ¼	3	A.W.Piper
S.E. ¼	3	J.McArthur
S.W. ¼	4	E.Germain
N.W. ¼	4	E.A.Thurrood
S.W. ¼	10	T.Cunningham
N.W. ¼	14	A.Cunningham

These claims are considered to be good, and the claimants may be given the usual consideration accorded to bona fide squatters before survey.

Parcel 3 - S.W.Scott - This squatter has relinquished his claim to the land in order that the same may be acquired by the Edmonton, Dunvegan & British Columbia Railway Company, and this file (3239676) should be referred to the Natural Resources Intelligence Branch for action.

Parcel 9 - J.S.Bates - R. Bates has no claim to this quarter section as a squatter before survey, but in view of the fact that he has enlisted for active service, the land is to be reserved pending an enquiry from the military authorities as to whether R. Bates is still on active service.

Parcel 10 - A.Viens - This squatter may withdraw his claim and the land need not be further considered.

Parcel 11 - A.Viens - The application to purchase this parcel of land need not receive further consideration, as the applicant is not a settler on adjoining land.

Parcel 12 - A.Versailles - This man has no claim to this land as a squatter before survey, but it is observed that a deed for the same has been executed by him in the sum of $30.00 and appears on the file requiring this land.

Parcel 32 - Reserved for the Edmonton, Dunvegan & British Columbia Railway Company. File 3249549, referring to this matter, should be forwarded to the Natural Resources Intelligence Branch for action, together with file 3[illegible]1713.

With the exception of the lands shown above on which there are bona fide squatters' claims, and excepting the other lands shown to be reserved, all the available surveyed lands, according to this plan (which is enclosed herewith) are to be reserved in this Department for the purposes of the Soldier Settlement Act.

A schedule showing by section, township and range individual parcels being so reserved, should be sent to the Soldier Settlement Board, together with a copy of the plan of this township showing plotted thereon the lands affected. A copy of this schedule should also be sent to R. Bates, of the Dunvegan Land Office, for his information.

It is understood to be the intention of the Soldier Settlement Board to look over these lands, and any township or part thereof that they do not require for their purpose, is to be returned to this Department for disposition, or otherwise, as may be deemed.

Please note that when any such lands are turned back to the Department, the plan of the township is again to be submitted for instructions in regard to making the lands available for disposition.

Sir,

Referring further to your application for a grazing lease of section 12, the south west quarter of section 17 and the fractional west half of section 18, township 78, range 24, west of the 5th meridian, which was designated Blanche No. 8836, I regret to advise you that after giving the matter of your application further, very careful consideration, it has been decided that it will not be possible to grant you a lease of the above mentioned lands at the present time. Township 78, range 24, west of the 5th meridian, in which the above lands are situated, had not been advertised for entry at the time your application was received, and the same should not have been accepted in view of the fact that according to the present practice the Soldier Settlement Board should first have been given an opportunity, if they so desired, of placing the township at the disposal of returned soldiers by having it posted for soldier settlement purposes only. It now appears that returned soldiers are anxious to locate on some of the lands covered by your application, and it is considered, therefore, that returned soldiers should have an opportunity to make entry for the lands in the township in question prior to consideration being given to any applications for grazing.

The Department regrets very much that it has been found necessary to cancel your application, but I would point out that if after these lands have been open for entry to returned soldiers for a reasonable time and they are not entered for, a renewal application for a lease of the land might receive consideration.

You will shortly be refunded the rent paid in this connection.

Sir,

Referring further to your application for a grazing lease of that portion of section 10 east of the river, and section 14, township 78, range 24, west of the 5th meridian, which you designated under No. 6017, I regret to advise you that after giving the matter of your application further, very careful consideration it has been decided that it will not be possible to grant you a lease of the above mentioned land at the present time. Township 78, range 24, west of the 5th meridian, in which the above mentioned lands are situated, had not been advertised for entry at the time your application for a lease was received, and your application should not, therefore, have been accepted in view of the fact that according to the present practice the Soldiers' settlement board should first have been given an opportunity, if they so desired, of placing the township at the disposal of returned soldiers by having the land reserved for soldier settlement purposes only. Memorandum;Mr. Hume;
Dominion Lands Branch:-

With reference to copies of Mr. York's letters on this file and on the H.O.Files attached, please see copy of the Deputy Minister's memo dated the 3rd instant, which has also been placed on these files. You will notice that section 10 east of the river and section 14, township 78, range 24, were designated Ranche 8817, while section 12, the south west quarter of section 27 and the fractional west half of section 15, in the same township, were designated Ranche No. 8836. The leases of these ranches were issued but were not executed on behalf of the Department, and it was considered, after due consideration, that the ranches should not be finally granted, but that the whole township should be reserved for soldier settlement and made available to returned soldiers. The Deputy Minister points out that action should be taken to have the lands where there are no squatters' claims made available for soldier settlement purposes. In a memorandum dated the 13th March last, on File No. 595227, Mr. Sheppard of the Land Patents Branch stated that the squatters, which are considered good cover the south west quarter of section 14 and the north east quarter of section 10, in the above township.

I presume you will have the necessary action taken in accordance with the Deputy Minister's instructions.

Sir,

S.E. ¼ of 3-78-24-W. 5th M.

Referring to the Departmental letter addressed to you on the 20th January, 1919, giving particulars of the mining lease in favour of the Edmonton, Dunvegan and British Columbia Railway Company on the above mentioned quarter-section, it is observed that you were instructed to post the balance of the said quarter-section for Soldier Settlement purposes provided you knew of no reason to the contrary.

On the 30th October, 1919, your office issued homestead entry to John Albert Thorne, a returned soldier, his application for entry reading for the whole of this quarter-section, whereas the lease in favour of the Railway Company would appear to be still in force. There is nothing on file here to show what land was covered by the entry sheet issued by you to Mr. Thorne but presumably the entry sheet did not read the same as the application for entry. Should you be aware of anything to the contrary, I am to request that you will communicate with me. Thorne, whose address appears to be Prairie Grove, Alta., and have him return his location entry sheet for correction, so that it may cover only that portion of the quarter-section which is available.

Unfortunately, on the 23rd August last, Head Office advised Mr. Thorne that according to our records his entry appears to cover the fractional South-East quarter of Section 3, Township 78, Range 24, West of the 5th Meridian, less the area patented to the Edmonton, Dunvegan and British Columbia Railway Company as a right-of-way. This statement, taken by itself,

might be misleading, and the letter should have set forth the facts in connection with the mining lease.

You are hereby instructed to make a careful examination of your records to ascertain what available lands are situated in the vicinity of the above mentioned quarter section and you should immediately place under reservation a number of parcels situated as close as possible to Mr. Thorne's homestead in order that he may have an opportunity of filing an application under the provisions of Section 93 of the Dominion Lands Act as set out in the letter to him, copy of which will be found enclosed.

Sir,

S.E.¼ 3-78-24 -W. 5th M.

I beg to acknowledge the receipt of your letter of the 9th instant and in reply to say, as already advised, the records of the Department here clearly show the granting on the 30th March, 1910, of a quarrying lease in favour of the Edmonton, Dunvegan and British Columbia Railway Company covering that portion of the land and described as follows, comprising the south west quarter of the south west quarter of legal sub-division 1, the south half, the south half and north west quarter of the north west quarter and the south west quarter of the north east quarter of legal sub-division 1 of section 5, in township 78, range 24, west of the 5th meridian, containing in all 321.50 acres, more or less.

This lease was in full force and effect at the time of your application for homestead entry and is so at present and is in addition to the area extended to the Railway Company, as a right-of-way and must of necessity hold precedence.

As previously informed the Department regrets the oversight in not advising you more fully in this regard at an earlier date and trusts that you will fully realize the necessity of recognizing the lease in question and of the advisability of acting as suggested in Departmental letter to you of the 2nd instant. As previously stated an application for any available area of Dominion Lands in the vicinity of your homestead up to the area of 320.00 acres covered by the quarrying lease in question will receive consideration, but should be submitted at the earliest possible opportunity.

The Department will be pleased to hear from you in this regard direct or through the Dominion Lands Agent at Peace River at the earliest possible opportunity.

ATTENTION MR. H. M., DOMINION LANDS BRANCH

The Secretary,

Department of Interior,

Ottawa, Ont.

Sir -

Re -, S. E. of 3-78-24 West 5th

We are instructed by the Edmonton, Dunvegan & British Columbia Railway Co. to apply to have cancelled that portion of the entry of John A. Thorne to the above quarter section which conflicts with quarrying lease of a portion of the same quarter section granted to this Company. The quarrying lease is dated the 29th of March, 1916 and covers 32.05 of an acre and the Company has been using the land for some time for the taking out of ballast and it is highly important that the Company should be able to continue to take gravel out as this is only point in that vicinity where ballast can be obtained. John A. Thorne made entry on the 30th October, 1916 and apparently by oversight the land covered by the quarrying lease was not reserved out of the entry. In consequence Thorne is now bringing an action against the Company to restrain them from moving any gravel from the area in question and the suit is being

The Secretary,

pressed forward and will presently come down for trial.

The quarrying lease is No. 317 and covers an area described as follows:- The South West quarter of the South West quarter of L.S.D. 1, the South Half and the South Half of the North West quarter, the North West quarter of the North West quarter and the South West quarter of the North East quarter of L.S.D. 2.

If there is any difficulty in cancelling Thorne's entry as to this particular area then we have to request that you will consider this whole matter as having been granted in error. This will be no hardship because Thorne has acted most unreasonably in this matter and is not prepared to meet the Company in any way.

May we ask that this matter may have your immediate attention in order that some action may be taken by the Department before the case goes to trial.

Homestead - John A. Thorne.
Entry granted - 5th October, 1919.

(Description of quarter-section;- S.W. ¼ of S.E. ¼ S.E. ¼; S. ½ & S.E. ¼ of N.W. ¼, N.W. ¼ of N.W. ¼ S.W. ¼ of N.E. ¼ S.E. ¼. Plan No. 1 Y. File 130734).

A quarry Lease for gravel purposes, No. 617, was issued in 1913 in favour of the Edmonton, Dunvegan and British Columbia Railway Company, containing an area of 3.61 acres, more or less, comprised within the quarter-section, above mentioned. In addition, the Railway Company has been granted 2.00 acres for right-of-way purposes, patented under Grant No. 174, making a total of 5.61 acres of the quarter-section not available for homestead. On the 14th January, 1919, the Agent of Dominion Lands at Peace River was instructed to post the balance of the quarter-section as available for settlement. The Agent carried out these instructions on the 3rd April, 1919.

Mr. J. A. Thorne, a returned soldier, was granted entry on the 5th October, 1919, for the South East Quarter - [illegible] being free of any reservation. On the 1st January, 1920, Mr. Thorne made soldier grant entry for the fractional North West Quarter of Section 5, 1918 0.40 acres patented to the A.-[illegible]. Ry. Co., and has since been permitted to purchase at four dollars an acre that portion of the South West Quarter of Section 4 in the same township, adjoining his homestead on the East, containing an area of 0.7 acres, subject to the existing patent for the homestead; see diagram below this memorandum.

In connection with the entries above mentioned, Mr. Thorne has made application for a loan through the Soldier Settlement Board.

On the 16th July, 1920, Mr. Thorne wrote to the Department requesting to be advised whether he had entry for the entire quarter-section, less

-right-

right-of-way in favour of the E.D. & B.C. Ry. Co., and he was advised on the 23rd August that according to the records here his entry would appear to cover the fractional South East quarter of Section 3 in question, less area patented to the Railway Company aforesaid, as right-of-way.

An attempt was made to rectify the mistake made by the Department as Mr. Thorne was again communicated with on the 2nd March last and informed of the existence of the Quarrying Lease, and that in view thereof he had no right under his interim home-stead receipt to the land comprised within the Lease, and that he should return the receipt to the Agent at Lesse River for the necessary correction. Mr. Thorne was further informed that an application made by him to the Department for any available area of Dominion Lands in the vicinity of his homestead, up to the area of 22.50 acres, would receive consideration, and the Agent was instructed at the same time to reserve any land which might become available in the vicinity, in order that same might be at the disposal of the Department with a view to satisfying the claims of Mr. Thorne for the withdrawal of the land covered by the Quarrying Lease on his entry.

On the 9th March Mr. Thorne replied to the Departmental letter of the 2nd idem, stating that he had called at the local office on two occasions and in each case had been informed, after examination of the registers, that he held entry for the entire quarter-section, less right-of-way, that moreover, he had paid municipal taxes on the full quarter-section for two years and had been given to understand by the powers to proceed with re-gistration restraining the railway company from further re-moval of gravel. At the same time Mr. Thorne stated he had complied with the homestead requirements, [illegible] he had resided on the land since January last, [illegible] made valuable improvements.

[illegible] letter of the 2nd inst., to Mr. Thorne, formally notifying him of the existence of the Quarrying Lease, and informing him that he had no right or title to the surface rights of the land comprised therein.

Mr. [illegible] wrote the Department on the 1st inst. on behalf of Mr. [illegible] stating that he had filed a caveat against the said Lease, and requesting that no further action be taken in the matter pending the hearing of the case. [illegible] to proceed with the removal of gravel from the homestead, pending the outcome of the trial.

[illegible] notified by wires. [illegible] Barristers of Edmonton.

-client-

client, Mr. Pierce, in order not to bring himself against the Railway Company, and requesting the Department to take no further action pending the result thereof.

Messrs. Scott, Smith, Bailey, Irvine & Scott, of Ottawa, now write on behalf of the C.N.O. & P.C. Ry. Co., requesting that the Department take immediate steps to cancel that portion of Mr. Pierce's entry covered by their client's quarrying lease, and that if there is any difficulty which would prove an obstacle to this action, that the entry be summarily cancelled as having been granted in error. It is contended that Mr. Pierce has acted unreasonably in the matter and that he will not meet the Company in any way.

The entry was properly granted in so far as the available portion of the quarter-section is concerned, and for this reason I do not see how the Department could summarily cancel the entry as requested. Client might however, Mr. Pierce has a legal right to the N.E. acres covered by the quarrying lease No. 617. [illegible] of Dominion Lands at Ottawa, dated the 11th June, 1914, he would appear to have no valid grounds for his action against the Company in the matter of restraint. In my opinion the whole case appears to rest on a misunderstanding as is illustrated by the remarks of General Brighouse in the letter above referred to, a portion of which has been quoted. Judging from the statement Mr. Pierce appears to be under the impression that the quarrying lease was not registered until after his entry was granted. This is not the case, and the oversight on the part of the Local Agent would appear to be due to faulty registration. For instance, the fact that a portion of the quarter-section had been disposed of under quarrying lease was probably not noted in the Land Register, although a record of the transaction was no doubt recorded in the Mining Lands Register, kept in the office. This point has not been sufficiently emphasized and the fact should be brought out clearly for the benefit of the solicitors of the plaintiff in the action.

It has been decided to allow Mr. Pierce to select 31.3 acres elsewhere to compensate him for the area withdrawn from his entry, but so far he has failed to take advantage of the offer as far as the Department is aware, and it occurred to me that rather than allow the case to proceed it would be advisable for the Department to make every effort to settle the case out of court, and I think this might possibly be done by including in his entry the 65.7 acres South and West of Smoky River, in the South West quarter of Section 2, adjoining his homestead on the East, which he has been permitted to purchase at four dollars an acre, subject to earning patent for his homestead. This is approximately double the area withdrawn from his entry, but as the error is a Departmental one, if the Department is going to avoid being possibly called upon to compensate the Railway

-Company-

Company should they lose the case, the offer to Mr. Thorne will require to be sufficiently attractive to guarantee his acceptance of it. Judging from the manner in which he writes, and the despatch with which the case is being pressed, I gather that he will not be satisfied to accept merely an equivalent area free of charge.

If some decision can be reached along the foregoing lines, Mr. Thorne and his lawyers could be advised at once, and in the meantime Messrs. Ewart, Scott, Kelley & Kelley, as representing the E.J. & B.C. Ry. Co., might be informed that in so far as the Department is concerned Mr. Thorne has no claim to the land covered by their client's quarrying lease, and that an offer has been made to Mr. Thorne, which, it is hoped, will result in settlement without proceeding with a trial.

SUMMARY.

Through an error John A. Thorne was allowed to secure homestead entry for a quarter section including 42 acres previously leased to the Edmonton, Dunvegan and British Columbia Railway Company for quarrying purposes.

Thorne has instituted action against the Company to restrain them from taking gravel.

Thorne was notified in June, 1920, and again in March, 1921, that he had no right to the 42 acres and an offer was made him of an equal area of available land elsewhere.

Thorne has paid no attention to this offer, and the case is coming up in Court shortly. The Railway Company now ask for the cancellation of Thorne's entry as to the 42 acres.

Mr. Powell's memo herewith submits a suggestion for amicable settlement -- that Thorne be given compensation, the 42 acres adjoining his homestead on the east. This 65 acres he has already been allowed to buy as a fractional area.

The Department granted Thorne an entry in error, and also made an error in advising him in August last as to what land was covered by his entry. I think the application made by Mr. Powell should be approved under section 94 of the Act, the object being to avoid further complication as far as possible.

of the Dept be detailed to see Thorne
and try to arrange a settlement

Memorandum:

Mr. [illegible].

Re S.E. ¼ 8-78-24-W. 6th M.
Homestead - John A. Thorne.
Entry granted - 30th October, 1919.

A Quarry Lease for gravel purposes, No. 617, was issued in 1916 in favour of the Edmonton, Dunvegan and British Columbia Railway Company, containing an area of 32.50 acres, more or less, comprised within the quarter-section, above mentioned. In addition, the Railway Company has been granted 5.53 acres for right-of-way purposes, patented under Grant No. 174, making a total of 38.03 acres of the quarter-section not available for disposition. On the 20th January, 1919, the Agent of Dominion Lands at Peace River was instructed to post the balance of the quarter-section as available for settlement. The Agent carried out these instructions on the 23rd April, 1919.

Description of Quarry Lease:-
S.W. ¼ of S.W. ¼ L.S. 1; S. ½ & S. ½ of N.W. ¼ & N.W. ¼ of N.W. ¼ & S.W. ¼ of N.E. ¼ L.S. 2.
M.L. & Y. File 136634.

Mr. J. A. Thorne, a returned soldier, was granted entry on the 30th October, 1919, for the South East quarter - no mention being made of any reservation. On the 10th January, 1920, Mr. Thorne made soldier's [illegible] entry for the Surveyed North West quarter of Section 3, less 8.46 acres patented to the E.D. & B.C. Ry. Co., and has since been permitted to purchase at four dollars an acre that portion of the South West quarter of section 2 in the same township, adjoining his homestead on the East, containing an area of 65.7 acres, subject to the existing patent for [illegible] reservation; see diagram below this memorandum.

[illegible] above mentioned, Mr. Thorne [illegible] in connection with his entries, through the soldier settlement board.

Thorne wrote to the Department requesting to be advised whether he held entry for the entire quarter-section, less

-right-

right-of-way in favour of the A.D. & B.C. Ry. Co., and he was advised on the 23rd August that according to the records here his entry would appear to cover the fractional South East quarter of section 3 in question, less area patented to the Railway Company aforesaid, as right-of-way.

An attempt was made to rectify the mistake made by the Department as Mr. Thorne was again communicated with on the 2nd March last and informed of the existence of the Quarrying Lease, and that in view thereof he had no right under his interim homestead receipt to the land comprised within the Lease, and that he should return the receipt to the Agent at Peace River for the necessary correction. Mr. Thorne was further informed that an application made by him to the Department for any available area of Dominion Lands in the vicinity of his homestead, up to the area of 32.80 acres, would receive consideration, and the Agent was instructed at the same time to reserve any land which might become available in the vicinity, in order that same might be at the disposal of the Department with a view to satisfying the claims of Mr. Thorne for the withdrawal of the land covered by the Quarrying Lease on his entry.

On the 9th March Mr. Thorne replied to the Departmental letter of the 2nd idem, stating that he had called at the local office on two occasions and in each case had been informed, after examination of the registers, that he held entry for the entire quarter-section, less right-of-way, that moreover, he had paid municipal taxes on the full quarter-section for two years and had been advised by his lawyers to proceed with an action restraining the Railway Company from further removal of gravel. At the same time Mr. Thorne stated that he had complied with the homestead requirements, having been in residence on the land since February 1920, and made valuable improvements.

On the 14th March last the Agent at Peace River forwarded to the Department copy of his letter of the 10th June, 1920, to Mr. Thorne, formally notifying him of the existence of a Gravel Lease, and informing him that he had no right or title to the surface rights of the land comprised therein.

Brig. Gen. Griesbach wrote the Department on the 31st March last on behalf of Mr. Thorne, stating that he had filed a caveat against the land on advice that he had a prior right to that of the Railway Company "because his registration is prior although his right was acquired later". General Griesbach went on to state that Mr. Thorne had commenced an action against the A.D. & B.C. Ry. Co. to restrain the further removal of gravel from his homestead, and requesting the Department in the meantime to take no further action pending the outcome of the trial.

On the 4th April the Department was notified by Messrs. Griesbach, O'Connor & O'Connor, Barristers of Edmonton, that on instructions from their

-client-

client, Mr. Thorne, an action was being brought against the Railway Company, and requesting the Department to take no further action pending the result thereof.

Messrs. Swart, Scott, Kelley & Kelley, Barristers of Ottawa, now write on behalf of the A.J. & R.C. Ry. Co., requesting that the Department take immediate steps to cancel that portion of Mr. Thorne's entry covered by their client's quarrying Lease, and that if there is any difficulty which would prove an obstacle to this action, that the entry be summarily cancelled as having been granted in error. It is contended that Mr. Thorne has acted most unreasonably in the matter and that he will not meet the Company in any way.

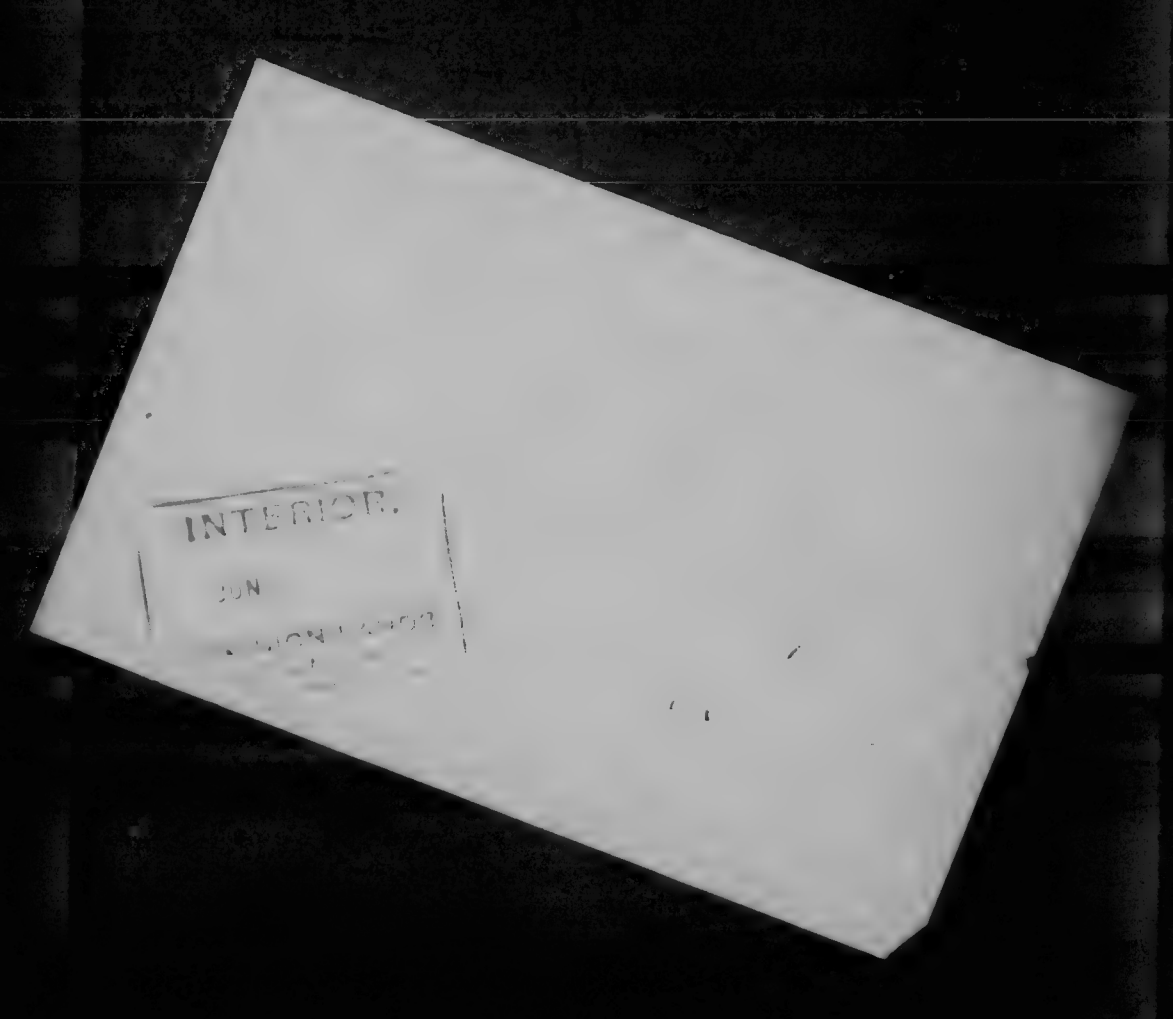

The entry was properly granted in so far as the available portion of the quarter-section is concerned, and for this reason I do not see upon what grounds the Department could summarily cancel the entry as suggested. Without doubt however, Mr. Thorne has no legal right to the 32.50 acres comprised within Quarrying Lease No. 617, and having been notified by the Agent of Dominion Lands at Pembroke to that effect on the 16th June, 1920, he would appear to have no valid grounds for his action against the Company in the matter of restraint. In my opinion the whole case appears to rest on a misunderstanding, as is illustrated by the remarks of General Griesbach in his letter above referred to, a portion of which has been quoted. Judging from his statement Mr. Thorne appears to be under the impression that the Quarrying Lease was not registered until after his entry was granted. This is not the case, and the oversight on the part of the local Agent would appear to be due to faulty registration. For instance, the fact that a portion of the quarter-section had been disposed of under Quarrying Lease was probably not noted in the Land Register, although a record of the transaction was no doubt recorded in the Mining Lands Register kept in the office. This point has not been sufficiently emphasized and the fact should be brought out clearly for the benefit of the solicitors of the plaintiff in the action.

It has been decided to allow Mr. Thorne to select 32.50 acres elsewhere to compensate him for the area withdrawn from his entry, but so far he has failed to take advantage of the offer as far as the Department is aware, and it occurred to me that rather than allow the case to proceed it would be advisable for the Department to make every effort to settle the case out of Court, and I think this might possibly be done by including in his entry the 65.7 acres south and East of Mosy River, in the South West quarter of section 2, adjoining his homestead on the East, which he has been permitted to purchase at four dollars an acre, subject to earning patent for his homestead. This is approximately double the area withdrawn from his entry, but as the error is a Departmental one, if the Department is going to avoid being possibly called upon to compensate the Railway

-Company-

Company should they lose the case, the offer to Mr. Thorne will require to be sufficiently attractive to guarantee his acceptance of it. Judging from the manner in which he writes, and the despatch with which the case is being pressed, I gather that he will not be satisfied to accept merely an equivalent area free of charge.

If some decision can be reached along the foregoing lines, Mr. Thorne and his Lawyers could be advised at once, and in the meantime Messrs. Swart, Scott, Kelley & Kelley, as representing the C.P.R. Telegraph Co., might be informed that in so far as the Department is concerned Mr. Thorne has no claim to the land covered by their client's quarrying lease, and that an offer has been made to Mr. Thorne, which, it is hoped, will result in settlement without proceeding with a trial.

RE: HOMESTEAD ENTRY JOHN ALBERT THORNE
S.E. ¼ of 3, 78, 14 West 5th. M.

Dear Sir :

We are instructed by the E.D. & B.C. Railway Co. to write you with regard to the entry of John A. Thorne in respect to the above mentioned land. We understand that this man obtained entry for the above land on or about 7th. October, 1919 and that, by an oversight, he was given entry for all the quarter section except the part that was reserved for right-of-way of the E.D. & B.C. Railway Company, whereas at the date of entry there was [illegible] granted to the Crown to the E.D. & B.C. Railway Company, which covered [illegible] 31.05 acres of the said S.E. ¼ of Section 3, described as follows:

The S.W. ¼ of the S.W. ¼ of [illegible], the S. ½ and the S. ½ of the N.E. ¼ of the N.W. ¼ of the N.W. ¼ and the S.W. ¼ of the N.W. ¼ of [illegible].

It would appear to be that, [illegible] Albert Thorne in respect to the above land be cancelled by the Minister, as far as concerns the 31.05 acres above mentioned, under the powers given the Minister by Section 12, of the Dominion Lands Act, as it is obvious that the entry was obtained in error.

Having regard to the fact that Thorne has [illegible] deliver to you for amendment his receipt in respect of his Homestead entry for this land, which he requested to do so, we should be much obliged if you would immediately place this request to proceed under Section 12 and cancel the improper entry before the Department of the Interior at Ottawa and urge upon the Department the necessity for immediate action in the matter.

Yours truly,

PHIMESTER & DUNDON

Dear Sirs:-

Re Thomas vs P. D. & P. C.
Re N.W. 3-7b-24 W. 5th

We have now submitted your telegram of the 10th instant to our client and he points out that he has already agreed to purchase the S. W. ¼-2-7b-24-W 5 and the net result will be to reduce the size of his farm by taking away the area leased to the railway company. He offers to accept a patent for the North ½ of the S. W. ¼ of Section 3, Twp. 7b, Range 24, West of the 5th, which adjoins his homestead and soldiers grant and of which he has at present a grazing lease which could be cancelled. Kindly advise us whether it will be satisfactory to substitute this land.

The difference in area is only fifteen acres and you will realize that our client is most desirous that the area of his farm shall not be reduced. If required we think he would agree to purchase the south half of the same quarter at the usual price and terms.

Yours truly

Memorandum:

Mr. Home.

COMMISSIONER

Re S.E. ¼ 5-78-24-W. 5th M.
Homestead - John A. Fearne.
Entry granted 30th October, 1919.

Please see my memorandum of the 7th June last (marked) hereunder, in reference to the case of John A. Fearne vs Edmonton, Dunvegan and British Columbia Railway Company.

You will remember that Mr. Fearne was granted entry for the whole of the quarter-section less only right-of-way, patented to the Railway Company, both the Agent and the Department at first overlooking the fact that the Railway Company had been granted a Surrender Lease for gravel purposes. Mr. Fearne is under the impression that the Department is attempting to deprive him of a portion of his homestead, and as he considers that he has a better legal right he has taken steps to prevent the Railway Company from a further removal of gravel, pending a hearing of the case in court, which will probably take place next October.

In order to avoid putting the Railway Company to the expense of defending the action, it was decided to make an offer to Mr. Fearne of the fractional South West quarter of Section 5 adjoining his homestead, containing an area of 64.7 acres, which is now under contract to purchase at five dollars an acre from the Department, which it was proposed to include in his homestead entry in lieu of the 79.5 acres covered by the Surrender Lease.

The matter was laid before Messrs. [illegible], Bowser & Co., Barristers of Vancouver, solicitors for Mr. Fearne, who recently have received from this firm to the effect that the net result of the proposed offer will be to reduce the area of his farm by taking away the tract leased to the Railway Company, and they made an alternative offer, which is that their client should be permitted to have the North half of the South West quarter of Section 5, which adjoins his homestead on the West and his soldier grant on the South, included in his homestead entry. This quarter contains an area of 159 acres, the North half of which would be approximately 79.5 acres, less 3.63 acres patented to the Railway Company as right-of-way, leaving a net area of 75.87 acres, or an area of 11.7 acres in excess of the area which it was proposed to give him.

I may say that Mr. [illegible] granting lease of the South West quarter of Section 5 and the East quarter of Section 4, (approximately 320 acres) in addition to his homestead and soldier grant on the fraction he is buying, and Mr. Fearne tells me that while there

-1a-

is no provision contained in the lease whereby Mr. Thorne shall have any prior right to homestead or purchase the land covered by the leasehold, there is no objection, so far as he is concerned, to the withdrawal of the North half of the South West quarter of Section 5, or any portion of the land comprised within the lease, and disposing of it under such manner as seems most fitting, in view of all the circumstances of the case.

In my former submission I took the position that the Department should do everything possible to induce Mr. Thorne to withdraw his action against the Railway Company. The reason for this was that the mistake originated in the Department and that, therefore, the Railway Company should not be put to the expense of a legal defence, which they would never have been called upon to bear had the mistake not been made. It was noticed that Mr. Thorne was purchasing a fractional area adjoining his homestead, and to show the willingness of the Department to meet him as far as possible, it was suggested that this area should be included in his homestead free of charge. Since this offer has been refused and a counter-offer put forward, I do not think the Department should give way. He appears to be what is known out West as a "land hog" and I propose that he should now be allowed to press his suit and if he wins the case, which I hardly think is likely, should the Railway Company apply for compensation the case would have to be favourably considered. By going further towards meeting Thorne there would be an implication that the Departmental case was a weak one. Legally, Mr. Thorne has no claim to the area in dispute and it was rather on account of his insistence that I made the recommendation I did. I wish now to withdraw that recommendation in view of developments as they set out and for the reasons stated.

In submitting Mr. Powell's memo, herewith, I merely wish to emphasize the point that the action of the Department in granting Thorne an entry covering the whole quarter-section was an undoubted error. It is true he was notified of the error by the Agent in June 1920, but another and very annoying error took place when Head Office advised this man, in reply to his enquiry, that his entry covered the fractional quarter-section less the area patented to the Railway as right-of-way.

Powell's ~~Thorne's~~ If the Department decides to adopt Mr. present suggestion and let Thorne go ahead with his legal proceedings against the Railway Company, I have no objection, as I believe the Department has made a very fair offer for the settlement of the case.

On the other hand, I believe it would be in the best interests of all concerned to have this matter finally closed and if the Department will entertain Mr. Thorne's present proposition I am prepared to recommend it, believing that it is advisable to settle with him rather

-than-

than allow the whole matter to be brought up in court but of course, we should have a guarantee from Mr. Thorne that his present proposition, if accepted by the Department, will be the end of the matter so far as he is concerned.

Gentlemen,

re D.L. 3-76-24-W. 5th M.
John A. Thorne vs C.N.R. & B.C. Ry. Co.

I am to acknowledge your letter of the 30th June last on behalf of your client, John A. Thorne, and in reply to say his counter proposition, namely that the North half of the South West quarter of Section 3, Township 76, Range 24, West of the 5th Meridian be included in his homestead entry for the fractional South East quarter of the same Section, has not been approved. Moreover, I am to inform you that should he fail within thirty days from this date to accept the means of settlement suggested by the Commissioner in his telegram of the 10th June last, the offer will be withdrawn, in which case it only remains for him to abide by his court action.

To go beyond the offer already made to your client might properly be construed as admission of the weakness of the Departmental position and action in this matter, and as this is far from being the case it is desired that you should notify Mr. Thorne promptly as to the foregoing decision, in order that he may have an opportunity of accepting the same, accompanied by the necessary guarantee that such acceptance will conclude the controversy.

Gentlemen,

Re S.E.¼ 3-78-24-W. 5th M.
John A. Thorne vs E.D. & B.C. Ry. Co.

I am to acknowledge your letter of the 24th August last, and in reply to say Messrs. Griesbach, O'Connor & Company, Barristers, of Edmonton, representing Mr. J.A. Thorne, wrote the Department recently stating that they were in communication with their client with a view to the acceptance of the Departmental offer, and requesting that the matter be left in abeyance pending settlement of the same.

I may say that a further extension of time was granted Mr. Thorne within which to accept or reject the proposition about which mention was made in my letter of the 14th June last, and that as same was not definitely accepted within that time, unless the decision arrived at is revised, it will be necessary for the case to be settled in the Courts. It would appear, however, from the tenor of Messrs. Griesbach, O'Connor & Company's letter that they are endeavouring to get their client to close with the Departmental offer, but I am not prepared to state at the moment whether this would now be recognized. However, as the Court does not sit at Edmonton for some time yet, possibly it would be advisable to allow matters to remain in abeyance, although possibly the counsel for your client may wish to proceed with the preparation of material in defence of the action in the meantime.

Assistant Secretary.

Gentlemen,

Re S.E.¼-3-78-24-W.5th M.
John A. Thorne vs E.D. & B.C.Ry.Co.

I am to acknowledge your letter of the 25th August last notifying the Department that your client, John A. Thorne is prepared to accept the offer made him by the Department in respect to the fractional South West quarter of Section 3, containing an area of 65.7 acres adjoining his homestead, and requesting to be advised as to the requirements in this connection before patent issues.

In reply I beg to say that it will be necessary for Mr. Thorne to forward his interim homestead receipt to the Agent of Dominion Lands at Peace River, to whom a copy of this letter is being sent for his information, in order that the description of the land covered by his entry may be corrected, deleting therefrom that portion of the quarter-section covered by Quarrying Lease No.617 in favour of the Dunvegan and British Columbia Railway Company for ballast pit purposes and also cause to be removed the caveat which, it is understood, has been registered against the South East quarter of Section 3 preparatory to taking action to restrain the Railway Company from further removal of gravel. As proof of the latter, the Department should be furnished with an Abstract of Title.

When the foregoing conditions have been complied with, the sale of the fractional South West quarter of Section 2 to Mr. Thorne will be cancelled and the land comprised within his homestead entry for the available portion of the South East quarter of Section 3, but he will not be entitled to a patent for either one of the fractions until he furnishes proof of the required duties in connection with his homestead. Should he be granted a loan by the Soldier Settlement Board, the Department will be precluded from issuing patent in any event until the loan has been repaid in full.

They were also granted a patent for 5.53 acres as a right-of-way, and on the 20th January, 19[illegible] the Agent of Dominion Lands at Peace Rive[illegible] was instructed to post the balance of thi[illegible] quarter-section as available for settleme[illegible]

On the 30th October, 1919, Mr. J.A.Thorne was granted and entry for thi[illegible] quarter-section and at that time no ment[illegible] was made of the fact that there was a q[illegible] ing lease but he was advised of the area[illegible] which was patented to the Railway Comp[illegible] right-of-way. He also made entry for t[illegible] N.W.¼ 3-78-24-W. 5th M. as a Soldier Gr[illegible] on the 10th January, 1920, which quarter[illegible] section also had 8.46 acres patented to [illegible] Railway Company. He was permitted to [illegible] chase that portion of the S.W.¼ 2, con[illegible] ing an area of 65.7 acres, adjoining h[illegible] homestead, at $4.00 per acre, subject to the completion of hi[illegible] stead duties. He has also applied to the Soldier Settlement [illegible] for a loan on the security of these quarter-sections and acco[illegible] to information received from the Soldier Settlement Board by [illegible] this morning, disbursements have been made amounting to appro[illegible] $1484.00.

Mr. Thorne apparently inquire[illegible] the Agent of Dominion Lands at Peace River as to whether his [illegible] covered the whole of the quarter-section, less the righ[illegible] of-[illegible] claims that on two occasions he was advised that this r[illegible] was the only part of this quarter-section not included [illegible]

He was subsequently advised (according to a copy of the Agent's letter of the 10th June, 1920) that this gravel lease had been granted and that he had no right or title to the surface rights of the land mentioned in the lease.

Mr. Thorne subsequently wrote to the Department and on the 23rd August, 1920, he was advised that according to the records here his entry would appear to cover the fractional S.E.¼ 3, less the area patented to the Railway Company.

This error was not noticed until the 2nd March, 1921, when he was communicated with from the Department and informed that his homestead right did not give him any right to the land contained in this lease but that if he would make an application to the Department for any available area of Dominion Lands in the vicinity of his homestead up to the area of 32.50 acres his application to have same added to his homestead would receive consideration.

Mr. Thorne objected to this, claiming that his entry covered the entire quarter-section, less the right-of-way, and as he had paid municipal taxes on the full quarter-section for two years he intended to take action to restrain the Railway Company from removing the gravel. His case was taken up by General Griesbach who informed the Department that he had filed a caveat against the land on the grounds that Mr. Thorne's registration was prior to that of the Railway Company, though acquired later.

The firm of Messrs. Griesbach, O'Connor & O'Connor, Barristers of Edmonton, then informed the Department on the 4th April, 1921, that they were taking action on behalf of their client against the Railway Company, and Messrs. Ewart, Scott, Kelley & Kelley, Barristers, Ottawa, took up the case on behalf of the Edmonton, Dunvegan and British Columbia Railway Company requesting the cancellation of that part of Mr. Thorne's entry covered by the Quarrying Lease. They stated that Mr. Thorne had acted very unreasonably in regard to this matter and would not meet the Company in any way to settle the claim.

An offer was made to Mr. Thorne through his solicitors to grant him free of charge the fractional S.W.¼ 2 of an area over 65 acres which he had been permitted to purchase at $4.00 per acre and also to refund the purchase price paid on account thereof and to include such land in his homestead entry for the available portion of the S.E.¼ 3. He at first refused to accept this, requesting that he obtain patent for the N.½ of the S.W.¼ 3 which he held under grazing lease. This covered an area of approximately eight acres, and he was advised that he would be required to either accept or refuse the Departmental offer within a definite period. Subsequently his solicitors stated that he had agreed to accept the Departmental offer. His solicitors requested information as to when patent would issue and they were advised that it would be necessary for him to forward his interim Homestead Receipt to the Agent of Dominion Lands at Peace River in order

that

that the description of the land covered by his entry might be corrected by the deletion of that part held under Quarrying Lease and the addition of the fractional S.W.¼ 2 which he agreed to accept in lieu thereof. They were also advised that it would be necessary to furnish an Abstract of Title for the S.E.¼ 3 showing that the caveat which Mr. Thorne had caused to be registered against this land had been removed.

The case was then taken up by Mr. Thorne's solicitors who had misinterpreted the terms of the Departmental offer and were evidently under the impression that a free patent for the fractional S.W.¼ 2 was to have been issued to Mr. Thorne, while the Departmental letter clearly states that same was to be added to his homestead entry and he would therefore not be able to obtain patent for same until he furnished the usual evidence that he had completed the required settlement duties. After his solicitors were informed in this connection, no further action appears to have been taken by them and Mr. Thorne has apparently not returned his Interim Receipt to the Agent for correction. When the Agent communicated with the Department he was advised that the case would not be reopened by the Department as the initiative must be taken by one of the parties concerned. On the 15th July last he apparently received a communication from Messrs. Griesbach and O'Connor stating that the matter would receive Mr. O'Connor's attention upon his return to Edmonton.

According to a memorandum on file hereunder, it is apparently intended to re-open the case. In view of the fact that this gravel lease was issued prior to the date on which Mr. Thorne made entry, the Department would be entirely justified in refusing to allow same to be included in his entry although it is regrettable that he was advised that his entry covered the whole quarter-section. Under Section 93 of the Dominion Lands Act the Department is given power to withdraw any part included in error and to add thereto an area of equivalent value, so that Mr. Thorne has received very favourable consideration in that he was granted permission to include under his homestead entry practically double the area which was withdrawn, although he claimed that this action resulted in the area held by him being diminished.

The request that patent for this fractional area be issued forthwith should not therefore be complied with, but I think it would be advisable for the Department to re-open the case and request that an Abstract of Title for this quarter-section be obtained and that Mr. Thorne return his Interim Receipt to the Agent so that the matter may be finally disposed of.

The Townsite Agent of the Railway Company advised on the 29th April, 1921, that they had been able to have the injunction stopping them from taking gravel from the land lifted and they may possibly still be operating the gravel pit although the caveat may still be registered, and I therefore think the matter should be taken up and settled now as it would have to be settled at any rate when Mr. Thorne's loan is repaid to the Soldier Settlement Board. I might state that on the

9th

9th March, 1921, Mr. Thorne stated that he had resided on the land since February, 1920, and had made valuable improvements, but there is nothing on file to show whether or not he has performed sufficient duties to entitle him to patent although he has held the land for over three years.

Re: Request for Transfer of Homestead Lands.

The above named settler has secured advances from the Board totalling $2391, the Board taking a charge upon his unpatented homestead and soldier grant above described. Owing to such charge, patent to the homestead and soldier grant cannot be issued to the settler until his indebtedness to the Board has been duly discharged.

We are now in receipt of an application from Mr. Thorne requesting that patent to his homestead and soldier grant should be issued in favour of the Board. Mr. Thorne states that he has completed all duties in connection with his homestead and soldier grant and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letters from the Secretary of the Department to the Settler, dated the 14th November last.

In order to enable a settler to negotiate a sale of land in cases of this character, special authority was granted by the Board and approved by the Governor in Council on the 4th day of June, 1921 (P.C.1211), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these regulations, the Board hereby requests that the right, title and interest of His Majesty in the Fr. S.E.¼ of 3-78-24-W.5th, the Fr. S.W.¼ of 2-78-24-W.5th and the Fr. N.W.¼ of 3-78-24-W.5th be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

Chairman.

OTTAWA,

30th June, 1914.

Sir,

I am to acknowledge the receipt of your letter of the 25th instant, and to say that the matter will be brought to the attention of the Minister.

I am to call your attention to the fact that the Order in Council of the 19th instant, which you refer to, has not yet been received in this office, and that it will be necessary for you to forward a copy of it before any action can be taken.

I am to enclose herewith a copy of a letter from John L. Horne, which explains itself.

I am, Sir,
Your obedient servant,

intimated that according to the records here his entry covered the fractional quarter-section lease area patented to the Edmonton, Dunvegan and British Columbia Railway Company, as right-of-way. This error was rectified, and a full statement furnished Mr. Thorne on the 2nd March, 1911.

Notwithstanding the foregoing explanation, Mr. Thorne persisted in holding to the view that his entry covered the entire fractional quarter-section, and he took out an injunction through his solicitors, Messrs. Griesbach, O'Connor & Co., Barristers of Edmonton, to restrain the Railway Company from working the sand pit. The Department was further informed that Mr. Thorne had through his solicitors registered a Caveat pending result of the suit at law.

In view of the error that had occurred in granting the entry the Department naturally desired to prevent litigation between Mr. Thorne and the Edmonton, Dunvegan and British Columbia Railway Company, and, as a means of settlement, the solicitors of Mr. Thorne were advised in June, 1911, that to dispose of the matter it had been decided that in consideration of the withdrawal of the suit against the Railway Company the Department would include the land he was under agreement to purchase, namely, the fractional south east quarter of section 3 southwest of the river, in his homestead entry for the part with that quarter of section 4.

At first Mr. Thorne was not favourable to the means of settlement proposed, and brought forward a counter-proposal, which, however, the Department did not feel justified in entertaining.

After some little difficulty it was intimated by Messrs. Griesbach, O'Connor & Co., that their client was prepared to accept the offer of the Department. Further on Mr. Thorne was advised through his solicitors that he would require -

1. To forward his interim receipt to the agent of Dominion Lands at once for correction as to the description of the land, and

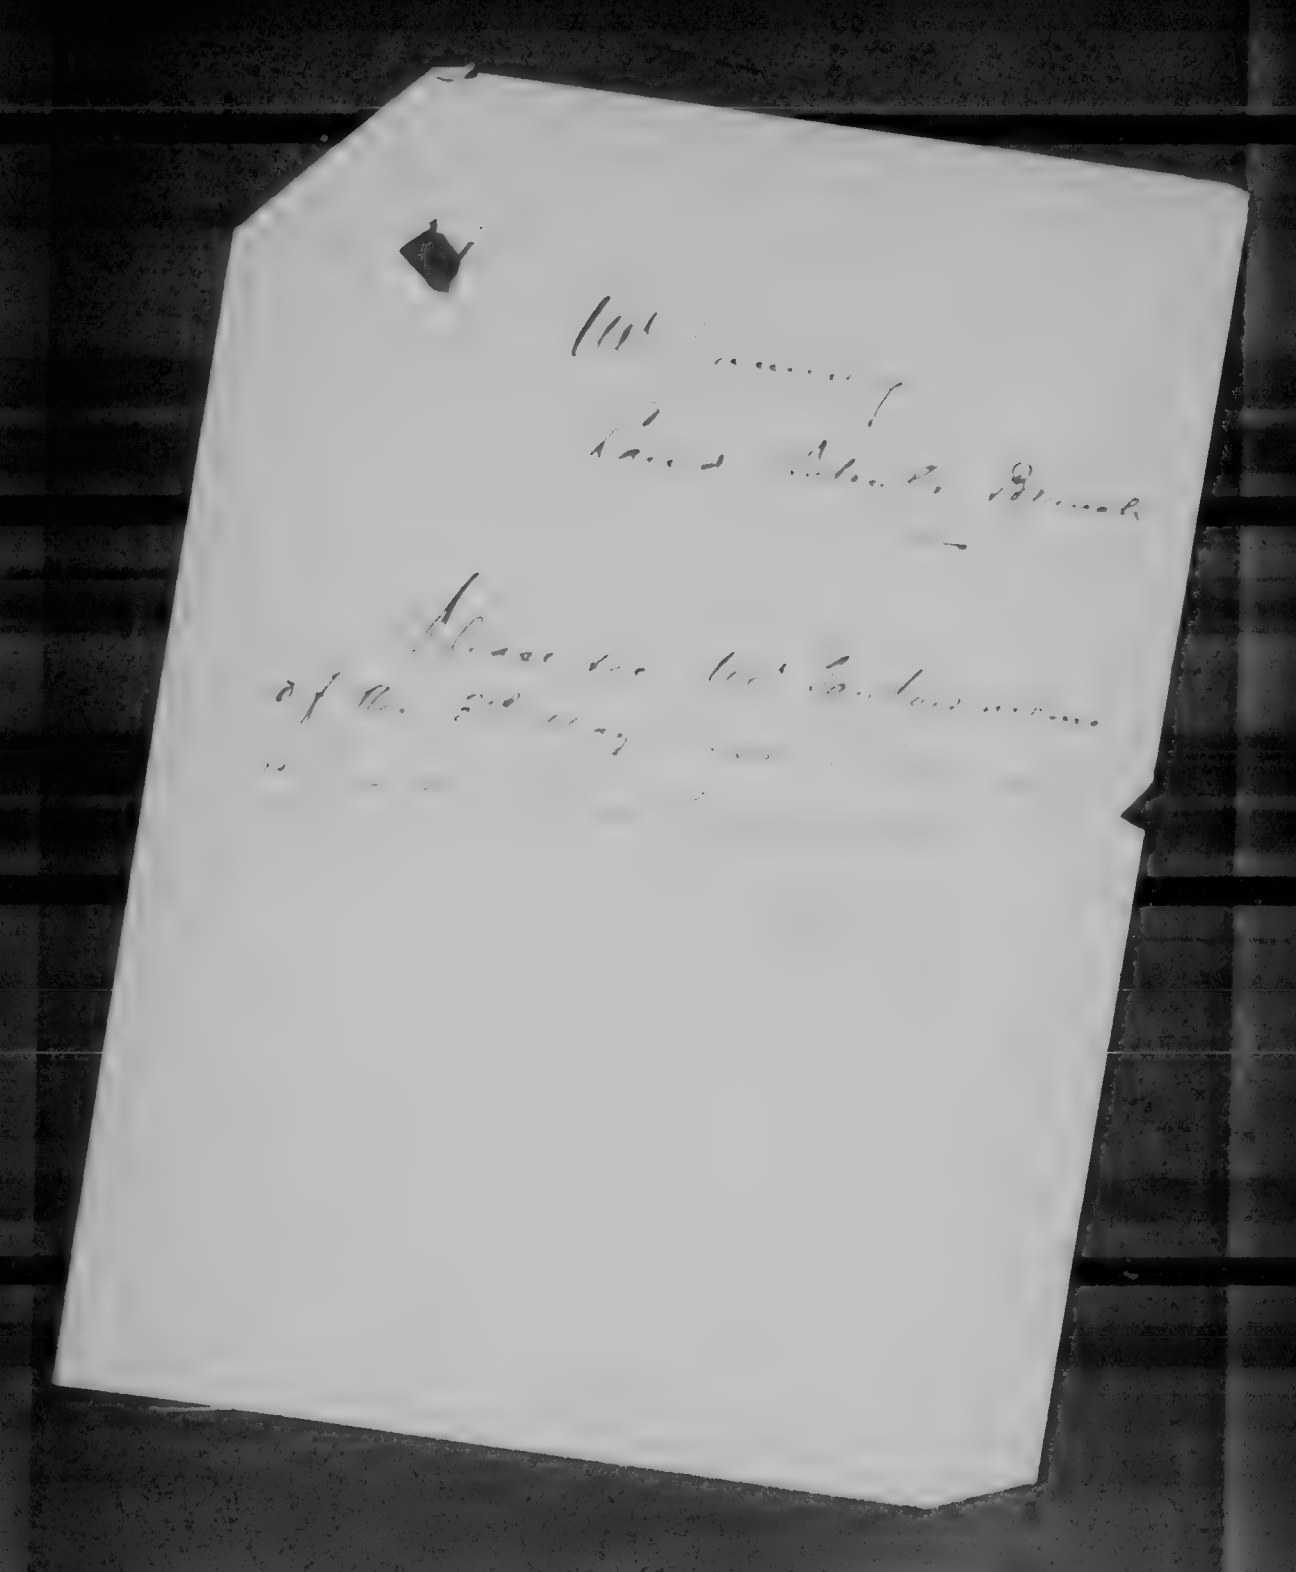

2. Furnish the Department with an abstract of title establishing the fact of the removal of the Caveat which, it was alleged, he had entered against title to the land.

No further action having been taken either by Mr. Thorne or his solicitors, the matter is in this position at present, and Mr. Thorne will require to comply with the conditions previously referred to before the Department will be in a position to take further action to cancel the sale and allow the land in the entry for his homestead.

In the event of this arrangement being carried out, Mr. Thorne will of course be entitled to a refund of the amount of two dollars being payment on account of the purchase price for the land.

Your obedient servant,

Secretary.

John A. Thorne.

The Deputy Minister has called for a report in reference to a statement that John A. Thorne has obtained patent for his homestead and is, in consequence, entitled to patent for all the land standing in his name.

Mr. Thorne has made application for patent for his homestead and soldier grant, furnishing proof of the performance of the requisite settlement duties, and the Minister on the 2nd March, 1926, signed a Vesting Order in favour of the Soldier Settlement Board under the provisions of the Order in Council of the 4th June, 1921, P.C. 1021. Fiat was issued on the 29th April, 1926, but issue of patent has been stayed pending compliance on the part of Mr. Thorne with Departmental requirements, which will entail an explanation, as follows -

In 1916 the Edmonton, Dunvegan and British Columbia Railway were granted quarry lease No. 617, comprising an area of 32.50 acres, covering that portion of the South East quarter of Section 3 shown hatched on the attached sketch.

On the 20th January, 1919, the Agent of Dominion Lands at Peace River was instructed to post the balance of the quarter-section, but in granting entry to Mr. Thorne on the 30th October following, no mention was made of the quarrying lease reservation. In July, 1920, Mr. Thorne wrote to the Department requesting to be advised whether he held entry for the entire quarter-section less right-of-way in favour of the E.D. & B.C. Railway Company, and he was advised that his entry covered the entire quarter-section. An attempt was made subsequently to rectify the mistake and Mr. Thorne showed fight and intimated that he intended to take out an injunction to restrain the Railway Company from operating the quarry and that a caveat would be filed.

In order to avoid further complication, it was decided to make Mr. Thorne an offer of including in his homestead entry the area he was under agreement to purchase and to refund what

.....he.....

he had paid on that account ($66.00). It was stipulated that this offer would stand good for fifteen days only and if not accepted within that time the matter would be allowed to take its course.

Messrs. Griesbach, O'Connor & Co., Barristers of Edmonton, who are acting for Mr. Thorne in the matter of his suit against the Railway Company, asked for an extension of time for acceptance of the offer owing to the fact that their client lived ~~way~~ out in the country and could not be reached.

Eventually Mr. Thorne, through his solicitors, made a counter proposal, namely, that he would accept patent for the North half of the South West quarter of Section 3, which he held under grazing lease, in lieu of the portion of the South East quarter of Section 3 withheld from his entry. Being mindful of the general offer of granting him as an addition to his homestead an area more than double what had been withheld, it was decided that the counter proposal could not be entertained and Messrs. Griesbach, O'Connor & Co., were advised accordingly. Thereupon Mr. Thorne accepted the original offer made by the Department and he was informed on the 7th October, 1921, through his solicitors, that the matter would receive further consideration if he would forward his Interim Receipt to the local Agent for correction and furnish an abstract of Title showing that [illegible]eat, which was understood to have been registered against the South West quarter of Section 3 preparatory to taking action to restrain the Railway Company from removal of gravel, had been discharged. Mr. Thorne has not complied with these instructions and consequently no change has been made in the records with regard to the standing of the lands. The Soldier Settlement Board was furnished with a full explanation in regard to the case on the 29th June, 1922, but nothing has since transpired.

With regard to the furnishing of his Interim Receipt, this is a minor formality which might be waived, but it would appear that the Department might properly insist upon Mr. Thorne's compliance in the matter of furnishing an Abstract [illegible] to clear up any question regarding standing of title to that portion of the South East quarter of Section 3 held under lease by the C.N.R. & P.G. Railway Company for quarrying purposes. In any case, the land goes to the Board under the Vesting Order signed by the Minister, in connection with which flats have already been prepared.

When the addition of the fractional South West quarter of Section 2 has been made to the homestead, it is assumed that the amount paid on account of the purchase price, namely, $[illegible], should be refunded to the Board to apply on Mr. Thorne's indebtedness amounting, I understand, to somewhere in the neighbourhood of $2500.00.

Your files - 1035 & 3257.

I am to acknowledge your letter of the 16th instant and to say in reply the Department is fully advised of the situation in connection with the case of John . Thorne, and was not unmindful of the fact that letters patent had not issued for the land.

You are familiar with the circumstances and it is, therefore, unnecessary for me to go into detail: suffice it to say it is understood from correspondence on file that in connection with the dispute between Mr. Thorne and the Edmonton , Columbia Railway Company, the former registered a caveat against title to the South East quarter of Section 3, Township 70, Range 24, West of the 5th Meridian pending an injunction to restrain the Railway Company from operating a railway across the said quarter section in question. No. 6 7, Sovereign , a portion of the quarter section in question.

In this connection I would refer you to my letter of the 30th June, 1926, addressed to Mr. . . Reid, on review in the Records Branch of the Department there, wherein it was stated that Mr. Thorne required to do two things, (1) forward his interim receipt for correction, and (2) furnish an abstract of title establishing the fact of the removal of the caveat referred to.

Under cover of your letter now under acknowledgment, you have forwarded a letter from Mr. Thorne dated the 26th June, 19 , in which he states that his interim receipt is in the hands of his solicitors, Messrs. Griesbach, O'Connor and Company of Edmonton. They might now be communicated with in this connection and requested to forward same to your office for the necessary action.

In the meantime, since Mr. Thorne has failed to comply with instructions with regard to furnishing an abstract of title, it has been decided, in order to expedite matters, to secure the required document on his behalf and charge to his account.

Sir,

Referring further to your application for a grazing lease of section 21, the south west quarter of section 27 and the fractional west half of section 15, township 78, range 24, west of the 5th meridian, which was designated Lands No. 8836, I regret to advise you that after giving the matter of your application further, very careful consideration, it has been decided that it will not be possible to grant you a lease of the above mentioned lands at the present time. Township 78, range 24, west of the 5th meridian, in which the above lands are situated, has not been advertised for entry at the time your application was received, and the same should not have been accepted. In view of the fact that according to the present practice the soldier settlement Board should first have been given an opportunity, if they so desired, of placing the township at the disposal of returned soldiers by having it posted for soldier settlement purposes only. It now appears that returned soldiers are anxious to locate on some of the lands covered by your application, and it is considered, therefore, that returned soldiers should have an opportunity to make entry for the lands in the township in question prior to consideration being given to any applications for grazing.

The Department regrets very much that it has been found necessary to cancel your application, but I would point out that if after these lands have been open for entry to returned soldiers for a reasonable time and they are not entered for, a renewal application for a lease of the land might receive consideration.

You will shortly be refunded the rent paid in this connection.

Your obedient servant,

Sir,

Referring further to your application for a grazing lease of that portion of section 10 east of the river, and section 14, township 78, range 24, west of the 5th meridian, which was designated Ranche No. 8817, I regret to advise you that after giving the matter of your application further, very careful consideration it has been decided that it will not be possible to grant you a lease of the above mentioned land at the present time. Township 78, range 24, west of the 5th meridian, in which the above mentioned lands are situated, had not been advertised for entry at the time your application for a lease was received, and your application should not, therefore, have been accepted in view of the fact that according to the present practice the soldier Settlement Board should first have been given an opportunity, if they so desired, of placing the township at the disposal of returned soldiers by having the land posted for soldier settlement purposes only. It now appears that returned soldiers are anxious to locate on some of the land covered by your application, while they are also legitimate claims for two quarter sections of the land from applicants who settled thereon prior to survey. It is considered, therefore, that returned soldiers should have an opportunity to make entry for the lands in this township prior to consideration being given to any applications for grazing.

The Department regrets very much that it has been found necessary to cancel your application, but I would point out that if after these lands have been opened to entry to returned soldiers for a ~~soldier's~~ homestead they are not entered for a renewal application from you for a lease of the land might receive consideration.

You will shortly be refunded the rent paid in this connection.

Memorandum;Mr. Hume:
Dominion Lands Branch:-

With reference to copies of Mr. York's letter on this file and on the H.C.Files attached, please see copy of the Deputy Minister's memo dated the 3rd instant, which has also been placed on these files. You will notice that section 10 east of the river and section 14,township 78, range 24, were designated Ranche 8217, while section 12, the south west quarter of section 27 and the fractional west half of section 1[illegible], in the same township,were designated Ranche No. 8236. The leases of these ranches were issued but were not executed on behalf of the Department, and it was considered, after due consideration, that the ranches should not be finally granted, but that the whole township should be reserved for soldier settlement and made available to returned soldiers. The Deputy Minister points out that action should be taken to have the lands where there are no squatters' claims made available for soldier settlement purposes. In a memorandum dated the 13th March last, on File No. [illegible]217, Mr. Shepard of the Land Patents Branch stated that the squatters, which are considered good cover the south west quarter of section 14 and the north east quarter of section 1[illegible], in the above township.

I presume you will have the necessary action taken in accordance with the Deputy Minister's instructions.

...e N. .i 2 - 7 - 14 i. 5th ...er.

I have your letter of the 8th ultimo, with sketch, wherein you quote the description contained in the letters patent issued on the 22nd April, 1925, to Mr. Otto Olivier covering a certain part of the above mentioned subdivision, and point out that such description is in error in that it refers to the ... of ... instead of ... ence to the ... boundary of ... correct, since the ... boundary thereof.

You state that if desired you will ... for correction or, alternatively, issue the necessary alteration in the certificate of title if authorized to do so. The remedying of the error in accordance with either of these suggestions will be quite satisfactory to the Department. If you return the patent the necessary corrections will be made in the description thereon and the changes will be initialled, while on the other hand if you alter the certificate of title, also advise us, an appropriate memorandum will be made on the copy of the patent of record here.

As you are aware, the necessary correction will call for substituting the word ... for the word ... in the fourth last line of the description in the patent

and inserting after the word "Section" in the following line the phrase - thence Southerly along the said East boundary to the South boundary of the said quarter section. The latter part of the description will then read: ...thence South-easterly along the said parallel line to its intersection with the East boundary of the said quarter section; thence Southerly along the said East boundary to the South boundary of the said quarter section; thence Westerly along the said South boundary to its intersection with the right bank of Smoky River; thence North-westerly following the sinuosities of the said right bank to its intersection with the East boundary of the said quarter section; thence Northerly along the said East boundary to the point of commencement, containing by admeasurement eighty and forty-six hundredths acres, more or less.

Memorandum:Mr. Hume,
Dominion Lands Branch:-

With reference to copies of Mr. York's letters on this file and on the D. .Files attached, please see copy of the Deputy Minister's memo dated the 3rd instant, which has also been placed on these files. You will notice that section 13 east of the river and section 14, township 78, range 24, were designated Indian Gulf, while section 24, the south west quarter of section 17 and the fractional west half of section 13, in the same township, were designated Indian No. 6616. The letters of these reserves were issued but were not executed on behalf of the Government, and it was considered, after due consideration, that the reserves should not be finally granted, but that the whole township should be reserved for soldier settlement and made available to returned soldiers. The Deputy Minister points out what action should be taken to have the lands where there are no squatters' claims made available for soldier settlement purposes. In a memorandum dated the 14th March last, on file No. 41017, Mr. Dupont of the Land Agents Branch stated that the squatters' lots are considered good over the south west quarter of section 14 and the south east quarter of section 13, in the above township.

I presume you will have the necessary action taken in accordance with the Deputy Minister's instructions.

client, Mr. Thorne, an action was being brought against the Railway Company, and requesting the Department to take no further action pending the result thereof.

Messrs. Smart, Scott, Kelley & Kelley, Barristers of Ottawa, now write on behalf of the C.N.R. & P.C. Ry. Co., requesting that the Department take immediate steps to cancel that portion of Mr. Thorne's entry covered by their client's quarrying lease, and that if there is any difficulty which would prove an obstacle to this action, that the entry be summarily cancelled as having been granted in error. It is contended that Mr. Thorne has acted most unreasonably in the matter and that he will not cost the Company in any way.

The entry was properly granted in so far as the available portion of the quarter-section is concerned, and for this reason I do not see upon what grounds the Department could summarily cancel the entry as suggested. Without doubt however, Mr. Thorne has no legal right to the 38.60 acres comprised within quarrying Lease No. 617, and having been notified by the Agent of Dominion Lands at Pembroke to that effect on the 14th June, 1920, he would appear to have no valid grounds for his action against the Company in the matter of restraint. In my opinion the whole case appears to rest on a misunderstanding, as is illustrated by the remarks of General Griesbach in his letter above referred to, a portion of which has been noted. Judging from his statement Mr. Thorne appears to be under the impression that the quarrying lease was not registered until after his entry was granted. This is not the case, and the oversight on the part of the local agent would appear to be due to faulty registration. Or it may be that the fact that a portion of the quarter-section had been disposed of under quarrying lease was probably not noted in the land register. Although a record of the transaction was no doubt recorded in the Mining Lands register kept in the office. This point has not been sufficiently emphasized and the fact should be brought out clearly for the benefit of the solicitors of the Plaintiff in the action.

It has been decided to allow Mr. Thorne to select 38.6 acres elsewhere to compensate for the area withdrawn from his entry, but as far as I am aware no intimation of the offer as far as the Department is aware, and it occurred to me that rather than allow the case to proceed it would be desirable for the Department to make every effort to settle the case out of court, and I think this might possibly be done by excluding from his entry the 60.7 acres south and east of Mosey River, in the South East quarter of Section 2, adjoining his homestead on the East, which he has been permitted to purchase at four dollars an acre, subject to earning patent for his homestead. This is approximately double the area withdrawn from his entry, but as the error is a departmental one, if the Department is able to avoid being possibly called upon to compensate the Railway

-Company-

Company should they lose the case, the offer to Mr. Horne will require to be sufficiently attractive to guarantee his acceptance of it. Judging from the manner in which he writes, and the despatch with which the case is being pressed, I gather that he will not be satisfied to accept merely an equivalent area free of charge.

If some decision can be reached along the foregoing lines, Mr. Horne and his lawyers could be advised at once, and in the meantime Messrs. Hart, Scott, Kelley & Kelley, as representing the [illegible] Oil Co., might be informed that so far as the Department is concerned Mr. Horne has no claim to the land covered by their client's surrender lease, and that an offer has been made to Mr. Horne, which, it is hoped, will result in settlement without proceeding with the trial.

right-of-way in favour of the ... ...y. Co., and he was advised on the 23rd August that according to the records here his entry would appear to cover the fractional South East quarter of Section 3 in question, less area patented to the Railway Company aforesaid, as right-of-way.

An attempt was made to rectify the mistake made by the Department as Mr. Thorne was again communicated with on the 2nd March last and informed of the existence of the Murrying lease, and that in view thereof he had no right under his interim homestead receipt to the land comprised within the lease, and that he should return the receipt to the Agent at Peace River for the necessary correction. Mr. Thorne was further informed that an application made by him to the Department for any available area of Dominion lands in the vicinity of his homestead, up to the area of 42.84 acres, would receive consideration, and the Agent was instructed at the same time to reserve any land which might become available in the vicinity, in order that same might be at the disposal of the Department with a view to satisfying the claims of Mr. Thorne for the withdrawal of the land covered by the Murrying lease on his entry.

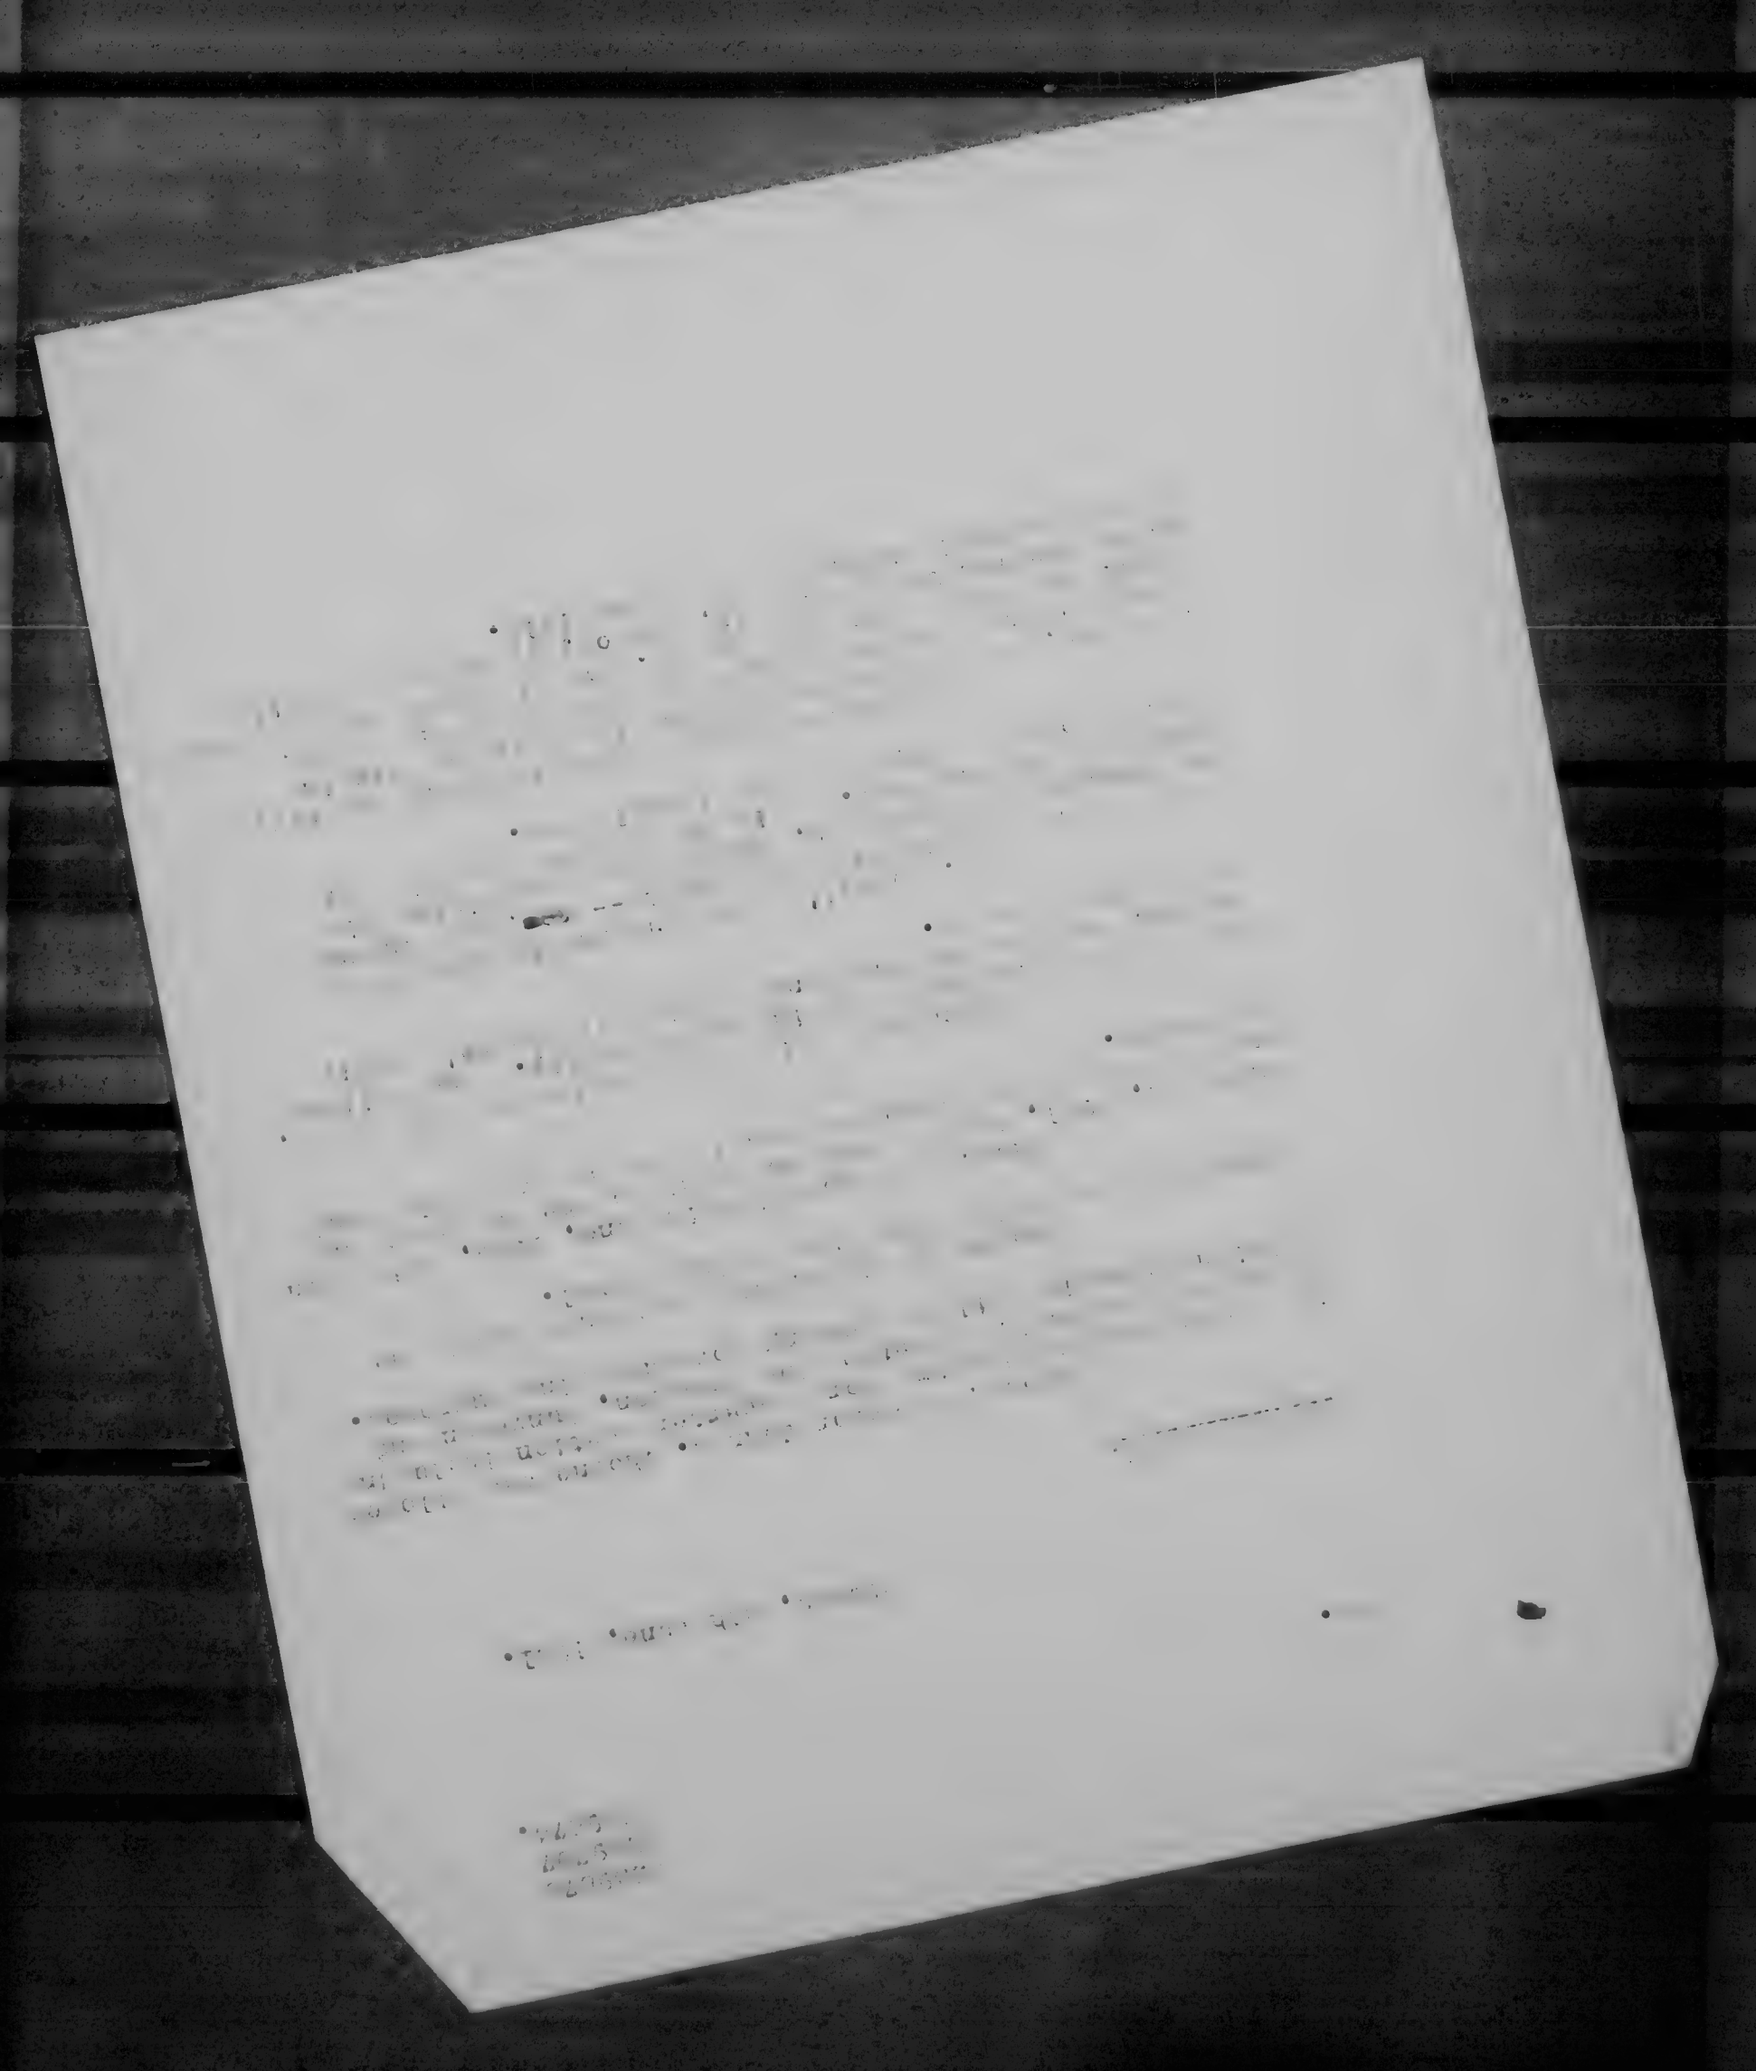

On the 9th March Mr. Thorne replied to the Departmental letter of the 2nd idem, stating that he had called at the local office on two occasions and in each case had been informed, after examination of the registers, that he held entry for the entire quarter-section, less right-of-way, that moreover, he had paid municipal taxes on the full quarter-section for two years and had been advised by his lawyers to proceed with an action restraining the Railway Company from further removal of gravel. At the same time Mr. Thorne stated that he had complied with the homestead requirements, having been in residence on the land since February 1910, and made valuable improvements.

On the 14th March last the Agent at Peace River forwarded to the Department copy of his letter of the 15th June, 1910, to Mr. Thorne, formally notifying him of the existence of a Gravel lease, and informing him that he had no right or title to the surface rights of the land comprised therein.

Wrig. Mr. Griesbach wrote the Department on the 31st March last on behalf of Mr. Thorne, stating that he had filed a caveat against the land and advise that he had a prior right to that of the Railway Company "because his registration is prior although his right was acquired later". General Griesbach went on to state that Mr. Thorne had commenced an action against the ... ...y. Co. to restrain the further removal of gravel from his homestead, and requesting the Department in the meantime to take no further action pending the outcome of the trial.

On the 4th April the Department was notified by Messrs. Griesbach, ...more & ...more, Barristers of Edmonton, that on instructions from their

Re D.L.--3-78-24-W.5th M.
John A. Thorne vs E.D. & B.C.Ry.Co.

Gentlemen,

I am to acknowledge your letter of the 25th August last notifying the Department that your client, John A. Thorne is prepared to accept the offer made him by the Department in respect to the fractional south west quarter of section 3, containing an area of 65.7 acres adjoining his homestead, and requesting to be advised as to the requirements in this connection before patent issues.

In reply I beg to say that it will be necessary for Mr. Thorne to forward his interim homestead receipt to the agent of Dominion Lands at Peace River, to whom a copy of this letter is being sent for his information, in order that the description of the land covered by his entry may be corrected. by marrying therefrom that portion of the quarter-section covered by Location Lease No.617 in favour of the Dunvegan and Yukon Columbia Railway Company for ballast pit purposes and also cause to be removed the cavent which, it is understood, has been registered against the south west quarter of section 3 preparatory to taking action to restrain the Railway Company from further removal of gravel. As proof of the latter, the Department should be furnished with an abstract of title.

When the foregoing conditions have been complied with, the sale of the fractional south east quarter of section 2 to Mr. Thorne will be cancelled and the land comprised within his homestead entry for the available portion of the south East quarter of section 3, but he will not be entitled to a patent for either one of the fractions until he furnishes proof of the required dutios in connection with his homestead. Should he be granted a loan by the Soldier Settlement Board, the Department will be precluded from issuing patent in any event until the loan has been repaid in full.

MEMO.

Re Claim.

S.E.¼ 3-7-24-W. 5th M.
Homestead - John A. Thorne.
Entry granted 30th October, 1919.

In 1916 the Edmonton, Dunvegan and British Columbia Railway Company were issued with a Quarry Lease, No. 617, covering an area of 32.50 acres, more or less, covering the South westerly portion of the above described quarter-section. They were also granted a patent for 5.62 acres as a right-of-way, and on the 20th January, 191 the Agent of Dominion Lands at Peace River was instructed to post the balance of this quarter-section as available for settlem

On the 30th October, 1919, Mr. J.A.Thorne was granted an entry for this quarter-section and at that time no mention was made of the fact that there was a quarrying lease but he was advised of the area which was patented to the Railway Company right-of-way. He also made entry for the N.W.¼ 3-78-24-W. 5th M. as a Soldier Grant on the 10th January, 1920, which quarter section also had 5.46 acres patented to Railway Company. He was permitted to purchase that portion of the S.E.¼ 2, containing an area of 65.7 acres, adjoining his homestead, at $4.00 per acre, subject to the completion of his stead duties. He has also applied to the Soldier Settlement Board for a loan on the security of these quarter-sections and according to information received from the Soldier Settlement Board by this morning, disbursements have been made amounting to approx $1484.00.

Mr. Thorne apparently inquired the Agent of Dominion Lands at Peace River as to whether his covered the whole of the quarter-section, less the right-of- claims that on two occasions he was advised that this right was the only part of this quarter-section not included in his

He

He was subsequently advised (according to a copy of the Agent's letter of the 10th June, 1920) that this gravel lease had been granted and that he had no right or title to the surface rights of the land mentioned in the lease.

Mr. Thorne subsequently wrote to the Department and on the 23rd August, 1920, he was advised that according to the records here his entry would appear to cover the fractional S.E.¼ 3, less the area patented to the Railway Company.

This error was not noticed until the 2nd March, 1921, when he was communicated with from the Department and informed that his homestead right did not give him any right to the land contained in this lease but that if he would make an application to the Department for any available area of Dominion Lands in the vicinity of his homestead up to the area of 32.30 acres his application to have same added to his homestead would receive consideration.

Mr. Thorne objected to this, claiming that his entry covered the entire quarter-section, less the right-of-way, and as he had paid municipal taxes on the full quarter-section for two years he intended to take action to restrain the Railway Company from removing the gravel. His case was taken up by General Griesbach who informed the Department that he had filed a caveat against the land on the grounds that Mr. Thorne's registration was prior to that of the Railway Company, though acquired later.

The firm of Messrs. Griesbach, O'Connor & O'Connor, Barristers of Edmonton, then informed the Department on the 4th April, 1921, that they were taking action on behalf of their client against the Railway Company, and Messrs. Wart, Scott, Kelley & Kelley, Barristers, Ottawa, took up the case on behalf of the Edmonton, Dunvegan and British Columbia Railway Company requesting the cancellation of that part of Mr. Thorne's entry covered by the Quarrying Lease. They stated that Mr. Thorne had acted very unreasonably in regard to this matter and would not meet the Company in any way to settle the claim.

An offer was made to Mr. Thorne through his solicitors to grant him free of charge the fractional S.W.¼ 2 of an area over 65 acres which he had been permitted to purchase at $4.00 per acre and also to refund the purchase price paid on account thereof and to include such land in his homestead entry for the available portion of the S.E.¼ 3. He at first refused to accept this, requesting that he obtain patent for the E½ of the S.W.¼ 3 which he held under grazing lease. This covered an area of approximately eight acres, and he was advised that he would be required to either accept or refuse the Departmental offer within a definite period. Subsequently his solicitors stated that he had agreed to accept the Departmental offer. His solicitors requested information as to when patent would issue and they were advised that it would be necessary for him to forward his Interim Homestead Receipt to the Agent of Dominion Lands at Peace River in order

that

that the description of the land covered by his entry might be corrected by the deletion of that part held under grazing lease and the addition of the fractional S.W.¼ 2 which he agreed to accept in lieu thereof. They were also advised that it would be necessary to furnish an Abstract of Title for the S.W.¼ 3 showing that the caveat which Mr. Thorne had caused to be registered against this land had been removed.

Solicitors who had misinterpreted the terms of the departmental offer and were evidently under the impression that a free patent for the fractional S.W.¼ 2 was to have been issued to Mr. Thorne, while the departmental letter clearly stated that same was to be added to his homestead entry and he would therefore not be able to obtain patent for same until he furnished the usual evidence that he had completed the required settlement duties. After his solicitors were informed in this connection, no further action appears to have been taken by them and Mr. Thorne has apparently not returned his Interim receipt to the Agent for correction. When the Agent communicated with the Department he was advised that the case would not be reopened by the Department as the initiative must be taken by one of the parties concerned. On the 15th July last he apparently received a communication from Messrs. Friesbach and O'Connor stating that the matter would be brought to O'Connor's attention upon his return to Pheonton.

It is apparently intended to recommend to file hereunder, the fact that this gravel lease was issued prior to the date on which Mr. Thorne made entry, the Department would be entirely justified in refusing to allow same to be included in his entry although it is regrettable that he was advised that his entry covered the whole quarter-section. Under section 93 of the Dominion Lands Act the Department is given power to withdraw any part included in error and to add thereto an area of equivalent value, so that Mr. Thorne has received very favourable consideration in that he was granted permission to include under his homestead entry practically double the area which was withdrawn, although he claimed that this action resulted in the area held by him being diminished.

I would advise that the request that patent for this fractional area be issued forthwith should not therefore be complied with, but I think it would be advisable for the Department to reopen the case and request that an abstract of title for this quarter-section be obtained and that Mr. Thorne return his Interim receipt to the Agent so that the matter may be finally disposed of.

Dated at the Townsite Agent of the Railway Company advising them from taking gravel from the land the 30th April, 1921, that they had been asked to have litigation stopping them from taking gravel from the land although the caveat may possibly still be operating the gravel pit think the matter should be taken up and settled now as it would have to be settled at any rate when Mr. Thorne's loan is repaid to the Soldier Settlement Board. I might state that on the

9th

9th March, 1921, Mr. Thorne stated that he had resided on the land since February, 1920, and had made valuable improvements, but there is nothing on file to show whether or not he has performed sufficient duties to entitle him to patent although he has held the land for over three years.

John A. Thorne.

I am to acknowledge your memorandum of the 21st instant, file No. 4-2862, addressed to the Deputy Commissioner of Dominion Lands, making enquiry on behalf of John A. Thorne with reference to issue of patent in connection with the land acquired under Time Sale No. 11041, on account of which the purchaser has paid the sum of $65.00 only, and in this connection to report as follows.

In granting Mr. Thorne homestead entry on the 30th October, 1919, for the South West quarter of Section 3, Township 78, Range 24, West of the 5th Meridian, the Agent inadvertently overlooked the fact that a portion of the quarter-section had already been disposed of in favour of the Edmonton, Dunvegan and British Columbia Railway Company under Quarrying Lease No. 617, for a term of twenty-one years from the 29th March, 1916, the land being more particularly described as the South West quarter of the South West quarter of legal subdivision 1: South half and South half of the North West quarter, North West quarter of the North West quarter and South West quarter of the North East quarter of legal subdivision 2, comprising an area of 32.5 acres.

On the 10th June, 1920, the Agent of Dominion Lands at Peace River notified Mr. Thorne of the error (copy attached).

However, it is regretted that in a letter from the Department to Mr. Thorne dated the 23rd August, 1920, it was

H. E. Weld, Esq.,
Loan Review and Records Branch,
The Soldier Settlement Board,
O t t a w a.

....intimated.....

intimated that according to the records here his entry covered the fractional quarter-section less area patented to the Edmonton, Dunvegan and British Columbia Railway Company, as right-of-way. This error was rectified, and a full statement furnished Mr. Thorne on the 2nd March, 1921.

Notwithstanding the foregoing explanation, Mr. Thorne persisted in holding to the view that his entry covered the entire fractional quarter-section, and he took out an injunction through his solicitors, Messrs. Griesbach, O'Connor & Co., Barristers of Edmonton, to restrain the Railway Company from working the sand pit. The Department was further informed that Mr. Thorne had through his solicitors registered a Caveat pending result of the suit at law.

In view of the error that had occurred in granting the entry the Department naturally desired to prevent litigation between Mr. Thorne and the Edmonton, Dunvegan and British Columbia Railway Company, and, as a means of settlement, the solicitors of Mr. Thorne were advised in June, 1921, that to dispose of the matter it had been decided that in consideration of the withdrawal of the suit against the Railway Company the Department would include the land he was under agreement to purchase, namely, the fractional South West quarter of Section 2 southwest of the river, in his homestead entry for the part South East quarter of Section 3.

At first Mr. Thorne was not favourable to the means of settlement proposed, and brought forward a counter-proposal, which, however, the Department did not feel justified in entertaining.

After some little difficulty it was intimated by Messrs. Griesbach, O'Connor & Co., that their client was prepared to accept the offer of the Department. Thereupon Mr. Thorne was advised through his solicitors that he would require -

1. To forward his Interim Receipt to the Agent of Dominion Lands at Peace River for correction as to the description of the land, and

2. Furnish the Department with an Abstract of Title establishing the fact of the removal of the Caveat which, it was alleged, he had registered against title to the land.

No further action having been taken either by Mr. Thorne or his solicitors, the matter is in this position at present, and Mr. Thorne will require to comply with the conditions previously referred to before the Department will be in a position to take further action to cancel the sale and include the land in the entry for his homestead.

In the event of this arrangement being carried out, Mr. Thorne will of course be entitled to a refund of the amount of $66.00, being payment on account of the purchase price for the land.

M. MEMORANDUM:

Mr. Ferrin.

S. ½ 15-78-24-W.5th M. Hstd.
S.W.¼ 14-78-24-W.5th M. S.C.
Entries granted - 10th January, 1930.
F.I. Bristol.

Application to have patent for this land vested in the Soldier Settlement Board under Section 27 of the Soldier Settlement Act, 1919, Chapter 71, 9-10, George V. Salvage Case.

This entrant has obtained advances on the security of the above land from the Soldier Settlement Board.

Amount of loan.....$2163.57

Purpose - Stock and equipment..... 1271.35
Permanent improvements..... 662.31
Special advances..... 229.91

Amount outstanding (including taxes).. $2200.00
Estimated sale price..... 1636.00
Gain..... 436.00

The Board holds no other land security.

In a memorandum hereunder dated the 17th ultimo, the Board reports that this settler was a good worker and endeavoured to make a success of his farming venture. In August 1924, he called at the District Office and was granted permission to be absent from his farm until the 1st October. He never returned and all letters addressed to him remained unanswered. The usual Thirty Day Notice was issued on the 23rd March, 1925, to which no defence was filed.

The settler's indebtedness, including arrears of taxes, is approximately $2200.00. The half section was appraised on the 6th July, 1927, at $1636.00. No arrangements have been made for the disposal of the land and it is represented that the half section would only be sold as a unit.

It will be noted that after disposing of this land there may be a surplus over and above the settler's indebtedness. However, there is no evidence that the settler's indebtedness have been completed and it is understood that in cases of this

the.....

the Board has agreed to pay to the Department any profits arising from the sale of Dominion Lands.

The land in question being "charged land" within the meaning of Section 27 of the Soldier Settlement Act, and the settler being in default with respect to the agreement made with the Board, it is requested that the right, title and interest of the settler in the above land be forfeited and that same be vested in the Board. A Vesting Order for the Minister's signature is attached.

The Board has an effective charge on the land under the recent amendment to Section 26 of the Soldier Settlement Act, as all the advances were made to the settler subsequent to his having obtained entry for his homestead and soldier grant.

It is suggested that the necessary action be taken to have patent for this land issue in the name of the Board.

TO ALL WHOM IT MAY CONCERN

WHEREAS

made to the Board from and determined that the settler has made default as hereinbefore recited and that the right, title and interest of the said settler to or in the said charged land should therefore be forfeited.

NOW WITNESSETH that the undersigned pursuant to the powers and authorities conferred upon him by the said section [illegible] hereby declares the right, title and interest of the settler in the said lands as well as the right, title and interest of His Majesty therein except Mines and Minerals whether such right or title be legal or equitable, shall cease and the same are hereby vested in the Board.
